**Psychic** Jayne Castle, 2025-06-03 Dive into the alien world of Harmony in this new novel by New York Times bestselling author Jayne Castle. Leona Griffin is at the height of her career as a para archeologist thanks to a recent Underworld discovery. Her high profile attracts the attention of an organisation of elite secretive collectors. They want her to authenticate the artefacts that aspiring members submit as evidence to join their group. The ceremony takes place at a glittering reception where Leona is shocked to discover that one of the relics is a powerful Old World object known as Pandora's Box. But she is not the only one interested in that artifact. Oliver Rancourt, a man with a unique talent they say you never see him coming, is also there. Leona knows she must not underestimate him. Attempting to make a discreet exit, she stumbles over the body of a waiter wearing the emblem of a dangerous cult. Before she can alert authorities, a police raid sends the reception into chaos. To avoid being arrested, Leona slips away with Oliver, a risky decision that gets her fired. Now forced to work together, Leona and Oliver pursue an investigation that leads them to the town of Lost Creek where the locals are obsessed with a chilling legend involving a long dead cult leader and illicit paranormal experiments. But Leona knows the real danger may be the irresistible attraction between herself and Oliver.

**The Ghost Hunter's Favorite Cases** Hans Holzer, 2003 *Romance Fiction* Kristin Ramsdell, 2012-03-02 A comprehensive guide that defines the literature and outlines the best selling genre of all time: romance fiction. More than 2,000 romances are published annually, making it difficult for fans and the librarians who advise them to keep pace with new titles, emerging authors, and constant evolution of this dynamic genre. Fortunately, romance expert and librarian Kristin Ramsdell provides a definitive guide to this fiction genre that serves as an indispensable resource for those interested in it, including fans searching for reading material as well as for library staff, scholars, and romance writers themselves. This title updates the last edition of *Romance Fiction: A Guide to the Genre* published in 1999. While the emphasis is on newer titles, many of the important older classics are retained, keeping the focus of the book on the entire genre instead of only those titles published during the last decade. Specific changes include new chapters on linked and continuing romances, a new section on Chick Lit in the Contemporary Romance chapter, an expansion of coverage on the alternative reality subset. This is THE romance genre guide to have.
