Panich, Sara L.

Gonzalez,2021-07-19 The Routledge Handbook of the Archaeology of Indigenous Colonial Interaction in the Americas brings together scholars from across the hemisphere to examine how archaeology can highlight the myriad ways that Indigenous people have negotiated colonial systems from the fifteenth century through to today The contributions offer a comprehensive look at where the archaeology of colonialism has been and where it is heading Geographically diverse case studies highlight longstanding theoretical and methodological issues as well as emerging topics in the field The organization of chapters by key issues and topics rather than by geography fosters exploration of the commonalities and contrasts between historical contingencies and scholarly interpretations Throughout the volume Indigenous and non Indigenous contributors grapple with the continued colonial nature of archaeology and highlight Native perspectives on the potential of using archaeology to remember and tell colonial histories This volume is the ideal starting point for students interested in how archaeology can illuminate Indigenous agency in colonial settings Professionals including academic and cultural resource management archaeologists will find it a convenient reference for a range of topics related to the archaeology of colonialism in the Americas

Yaxchilan Carolyn E. Tate,2013-08-28 As archaeologists peel away the jungle covering that has both obscured and preserved the ancient Maya cities of Mexico and Central America other scholars have only a limited time to study and understand the sites before the jungle weather and human encroachment efface them again perhaps forever This urgency underlies *Yaxchilan* The Design of a Maya Ceremonial City Carolyn Tate s comprehensive catalog and analysis of all the city s extant buildings and sculptures During a year of field work Tate fully documented the appearance of the site as of 1987 For each sculpture and building she records its discovery present location condition measurements and astronomical orientation and reconstructs its Long Counts and Julian dates from Calendar Rounds Line drawings and photographs provide a visual document of the art and architecture of Yaxchilan More than mere documentation however the book explores the phenomenon of art within Maya society Tate establishes a general framework

of cultural practices spiritual beliefs and knowledge likely to have been shared by eighth century Maya people The process of making public art is considered in relation to other modes of aesthetic expression such as oral tradition and ritual This kind of analysis is new in Maya studies and offers fresh insight into the function of these magnificent cities and the powerful role public art and architecture play in establishing cultural norms in education in a semiliterate society and in developing the personal and community identities of individuals Several chapters cover the specifics of art and iconography at Yaxchilan as a basis for examining the creation of the city in the Late Classic period Individual sculptures are attributed to the hands of single artists and workshops thus aiding in dating several of the monuments The significance of headdresses backracks and other costume elements seen on monuments is tied to specific rituals and fashions and influence from other sites is traced These analyses lead to a history of the design of the city under the reigns of Shield Jaguar A D 681 741 and Bird Jaguar IV A D 752 772 In Tate s view Yaxchilan and other Maya cities were designed as both a theater for ritual activities and a nexus of public art and social structures that were crucial in defining the self within Maya society Eighteenth-Century

Environmental Humanities Jeremy Chow,2022-11-11 This groundbreaking new volume unites eighteenth century studies and the environmental humanities showcasing how these fields can vibrantly benefit one another In eleven chapters that engage a variety of eighteenth century texts contributors explore timely themes and topics such as climate change new materialisms the blue humanities indigeneity and decoloniality and green utopianism Additionally each chapter reflects on pedagogical concerns asking How do we teach eighteenth century environmental humanities With particular attention to the voices of early career scholars who bring cutting edge perspectives these essays highlight vital and innovative trends that can enrich both disciplines making them essential for classroom use Alliance Ancestrale 2 - La Captive Celine Musmeaux,2015-08-17
