## **Alliteration About Necklaces:**

*Alliteration in Culture* Jonathan Roper, 2011-06-21 Alliteration occurs in a wide variety of contexts in stress initial languages including Icelandic Finnish and Mongolian It can be found in English from Beowulf to The Sun Nevertheless alliteration remains an unexamined phenomenon This pioneering volume takes alliteration as its central focus across a variety of languages and domains

*Everyday Aesthetics* Katya Mandoki, 2016-04-22 Katya Mandoki advances in this book the thesis that it is not only possible but crucial to open up the field of aesthetics traditionally confined to the study of art and beauty toward the richness and complexity of everyday life She argues that in every process of communication whether face to face or through the media fashion and political propaganda there is always an excess beyond the informative and functional value of a message This excess is the aesthetic Following Huizinga's view of play as an ingredient of any social environment Mandoki explores how various cultural practices are in fact forms of playing since for the author aesthetics and play are Siamese twins One of the unique contributions of this book is the elaboration and application of a semiotic model for the simultaneous analysis of social interactions in the four registers namely visual auditory verbal and body language to detect the aesthetic strategies deployed in specific situations She argues that since the presentation of the self is targeted towards participants sensibilities aesthetics plays a key role in these modes of exchange Consequently the author updates important debates in this field to clear the way for a socio aesthetic inquiry through contexts such as the family school medical artistic or religious traditions from which social identities emerge
