Lindsay Griffin, Les Swindin, 1995 **The Mountain Hut Book** Kev Reynolds, 2018-04-15 This book is a celebration of mountain huts showcasing the sheer variety and sometimes quirky nature of these buildings that allow walkers trekkers and climbers to access remote corners of the mountains Packed with entertaining stories that bring the places and people to life it contains descriptions of the author s favourite huts in the Alps along with suggestions for hut to hut tours of 3 13 days duration including the Tour of Mont Blanc It also traces the history of huts and how they have evolved from the most primitive of shelters to the often purpose built eco friendly buildings of today For the uninitiated it unravels some of the mystery of huts and explains how to use them and what facilities to expect Above all it illustrates the way in which mountain huts can be truly sociable places where like minded people can spend a night or two in the most magical of locations and share a love of wild places **Swiss Travel and Swiss Guidebooks** , 1889 **Mountaineering and Its Literature** Jill Neate, 1980 Few areas of human endeavor and adventure have such an extensive literature as does mountaineering perhaps

because the activity itself is so diverse ranging from gymnastic feats of modern rock climbers through alpinism to Himalayan conquests and exploration Even before Edward Whymper climbed the Matterhorn in 1865 and wrote the celebrated *Scrambles in the Alps* mountaineers had felt compelled to record their adventures and their sense of wonder at the mountain world In recent years the literature has expanded considerably to account for the phenomenal growth of mountain activities Expeditions are now commonplace and the great mountain ranges are no longer beyond the reach of the average climber This extensive bibliography describes works on mountaineering published in the English language since 1744 But it s far more than a dry catalog of books as author Neate gives notes which help the reader assess as book s reliability and significance An indispensable reference for the active climber would be explorer and bibliophile alike

UIAA gave its first award for research into the history of alpinism under the name of James Monroe Thorington. After graduating from Harvard in 1942, Andrew John Kauffman, b. 1921, the son of two distinguished American literary figures, spent his entire working career in various diplomatic capacities. Between State Department assignments in Washington, Paris, Managua, and Calcutta, he spent weekends and holidays in the Alps and the mountains of Peru, Colombia, Alaska, Canada, and finally in the Karakoram, where he demonstrated a high level of acromania by becoming one of the only two Americans to make the first ascent of an 8000-meter peak. He also served the Club as a counselor and as vice president and was elected to Honorary Membership. William Lowell Putnam, b. 1924, has been an official of the Harvard Mountaineering Club, the Appalachian Mountain Club, then The American Alpine Club, and finally the International Association of Alpine Societies (UIAA) and has been honored by several other mountaineering societies. His major employment was in television broadcasting, but his heart remains in the mountains of western Canada. At this writing, he is the sole trustee of Lowell Observatory in Flagstaff, Arizona. While many have wished for the opportunity, people have not yet read his obituary.
