

Writing Exemplars

Big Idea – Level of Thinking and Expression of Ideas

Aspects of writing: *Communication, reasoning, organisation and conventions*

There are many different ways to analyse and understand student writing. This set of writing exemplars offers one of the easiest and most valuable ways to quickly measure your BMLs' progress in thinking/learning (reasoning) and their ability to communicate in English (through vocabulary and word usage). These are really the most important aspects of writing for expressing a written message, so we are going to focus on them as the 'big ideas' of writing.

For observational purposes and for use with our *ELP Map*, we will look at the 'big picture' to level our BMLs' writing against specific *Hallmarks*. The writing samples within these exemplars are taken from various sources* to allow you to see what writing looks like at specific grade or year-levels. They will also give you a sense of the main features and vocabulary traits at specific levels so you can easily identify the approximate grade/year your student is working at.

This is not to say that conventions (e.g. grammar, punctuation, spellings) are not important, but we can look at these separately from the 'big ideas' of writing. We can even set one or two individual targets or goal areas for our students to work on in regards to conventions since these can be specific to individual learners and their language proficiency levels.

For example, in many cases, our BMLs are not developmentally ready to use/learn correct grammatical features yet they can still communicate with good ideas and their developing vocabulary words. For instance, most 'beginning English' BMLs work in the 'present tense' for a period of time and cannot grasp other tenses until they gain greater language proficiency. Therefore, it can often be redundant to focus on more advanced tenses until students are ready. Similarly, organisation and logical flow of ideas also improve as BMLs become more proficient with the language.

As BMLs become more advanced writers, their vocabulary usage should also visibly improve, moving from more high-frequency words to mid-frequency words (words that 'mature' English speakers use), even including subject-specific words and academic words. Look back in your BMLs' writing samples over time to get a sense of how their vocabulary has expanded.

To get started, simply use the collection of exemplars for an English system or North American system and then you will find writing samples that reflect those year or grade-levels up to Year 8 including one sample for upper secondary school.

* writing samples have been taken from the National Curriculum for England (Assessment Exemplification), The Ontario Writing Exemplars and from individual student samples. This resource can be freely shared with other teachers.
