FAITH Edward D. Andrews, Reuben Archer Torrey, 2022-01-23 Biblical criticism originally known as Higher criticism of the Bible got started throughout the 18th and 19th centuries. At that time Protestant scholars attacked the Bible in an intellectual academic attack. They devised a method of studying the Bible that became known as higher criticism and now biblical criticism. These Bible critics taught that most of the Bible contained legend and myth. Some even claimed that Jesus never existed. For the liberal moderate Bible scholar then and now the Word of God the Bible has become the word of man and a very chaotic distorted word at that. The modern day liberal moderate Bible scholar says that much of the Bible is just wrong. This thinking is the result of biblical criticism. Biblical higher criticism is conjectural and uncertain doubtful in the extreme. Today these Bible scholars who make up most of our seminaries explain the Bible accounts of miracles as myths legends or folk tales. They do not even entertain the idea that there is the possibility that they actually occurred. This viewpoint is subjective and gives no reliable reason to reject the Bible as inspired fully inerrant authentic and trustworthy. Biblical criticism is highly defective and its centuries long assault on the Bible has not proven that the Bible is not the Word of God. Many conservative Christians have been doing their best to defend God's Word. **HEREIN THE FUNDAMENTALS OF THE CHRISTIAN FAITH** puts Biblical Criticism on trial judging their claims as subjective based on or influenced by personal feelings or opinions not objective factual actual real empirical verifiable in biblical studies.
