Selected from the Best Editions, with ... Notes, Biographies, and a Historical Introduction Sir John Scott Keltie,1870 **Caught in the Middle** Pyong Gap Min,1996-11-30 In this unflinching exploration of one of the most politically charged topics of our time Pyong Gap Min investigates the racial dynamics that exist between Korean merchants the African American community and white society in general Focusing on hostility toward Korean merchants in New York and Los Angeles Min explains how the middleman economic role Koreans often occupy between low income minority customers on the one hand and large corporate suppliers on the other leads to conflicts with other groups Further Min shows how ethnic conflicts strengthen ties within Korean communities as Koreans organize to protect themselves and their businesses Min scrutinizes the targeting of Korean businesses during the 1992 Los Angeles riots and the 1990 African American boycotts of Korean stores in Brooklyn He explores Korean merchants relationships with each other as well as with Latin American employees Jewish suppliers and landlords and government agencies In each case his nuanced analysis reveals how Korean communities respond to general scapegoating through collective action political mobilization and other strategies Fluent in Korean Min draws from previously unutilized sources including Korean American newspapers and in depth interviews with immigrants His findings belie the media s sensationalistic coverage of African American Korean conflicts Instead Caught in the Middle yields a sophisticated and clear sighted understanding of the lives and challenges of immigrant merchants in America *The Publishers' Circular and Booksellers' Record of British and Foreign Literature* ,1895 **Yale Studies in English** Samuel Daniel,1949
