Refugee Learner Experiences. A Case Study of Zimbabwean Refugee Children Lawrence Meda, 2017-09 This study is a presentation of Zimbabwean refugee learner experiences Children escaped political persecution and economic problems which affected Zimbabwe in the year 2008 Many of these children were abused and witnessed traumatic experiences their close relatives and neighbours being executed in cold blood This study was guided by three critical questions i who are the Zimbabwean refugee learners ii what were Zimbabwean refugee learners migration experiences and iii what were Zimbabwean refugee learners school experiences The study employed Bronfenbrenner's Social Ecological Model as its overarching theoretical framework Each stage of the refugee experience was described at each point in time

Domesticating a Religious Import Nicholas M. Creary, 2011 Catholic theologians have developed the relatively new term inculturation to discuss the old problem of adapting the church universal to specific local cultures Europeans needed a thousand years to inculturate Christianity from its Judaic roots Africans efforts to make the church their own followed a similar process but in less than a century Until now there has been no book length examination of the Catholic church's pastoral mission in Zimbabwe or of African Christians efforts to inculturate the church Ranging over the century after Jesuit missionaries first settled in what is now Zimbabwe this enlightening book reveals two simultaneous and intersecting processes the Africanization of the Catholic Church by African Christians and the discourse of inculturation promulgated by the Church With great attention to detail it places the history of African Christianity within the broader context of the history of religion in Africa This illuminating work will contribute to current debates about the Catholic Church in Zimbabwe and throughout Africa **AF Press Clips**, 1981 **Regime and Education in Zimbabwe** Bekithemba Dube, Albert

Mufanechiya, 2024-06-10 This collection focuses on the post independence educational development in Zimbabwe It shows how the ZANU PF regime has presided over the demise of education and covers a wide range of topics such as violence against teachers poor salaries student activism minority languages and curriculum innovations This volume argues that the regime has used education as a tool for repression Curriculum innovations introduced and implemented in Zimbabwe have little to do with improving the performance of the learners and more to do with stopping teachers from pushing the regime change agenda Consequently this has resulted in a nation in crisis marked with high turnover poor economy and mass exodus of teachers and learners The contributors to this volume make various suggestions which could recenter education towards addressing the experiences of the learners as opposed to being used as a tool to push repression and thwart democracy **Zimbabwe National Bibliography**, 1985 [History A-Level \(ZIMSEC\) Past Exam Questions and Model Answers](#) David Chitate, 2024-06-06 This book contains the most comprehensive question bank and model answers for ZIMSEC A Level History exam questions It also includes syllabus review notes and exercises History subject Examiners provide observations and tips and point out common errors that students make when answering questions If you use this

Giblin, Shadreck Chirikure, Ishanlosen Odiaua, 2024-09-06 This handbook is a foundational reference point for critical heritage research about Africa and its diaspora Foregrounding the diversity of knowledge systems needed to examine heritage issues in such a diverse continent the contributors to this volume argue for an understanding heritage that is at once both natural and cultural tangible and intangible political and dissonant going beyond the physical and objective to include subjective narratives performances rituals memories and emotions examine the pre coloniality coloniality post coloniality and decoloniality of current African heritage discourses and their consequences analyse how heritage legislation derived from colonial law is compatible or otherwise with how heritage is perceived identified and remembered in African communities discuss questions of repatriation restitution and reparations in relation to the return of artefacts from Western countries illuminate the importance of difficult heritage within Africa and its diaspora consider the role of heritage for development in Africa Making a crucial contribution to our understanding of African conceptions and practices of heritage this book is an important read for scholars of African Studies heritage and museum studies archaeology anthropology and history **The Journalist** ,1999 *Harare* Carole Rakodi, 1995-11-09 Traces the history of Harare Zimbabwe's capital and largest city from its colonial origins through periods of settler rule and its independence to the present Documents marked inequalities in income and emerging pressures on housing facilities and services as well as the manner in which local authorities are attempting to deal with them Relates the city's physical and socio economic development to the political economy of Zimbabwe *Accessions List, Eastern Africa* Library of Congress. Zimbabwe National Workshop on Construction & Housing Cooperatives Zimbabwe National Workshop on Construction & Housing Cooperatives, 1988 **Index of Conference Proceedings** British Library. Document Supply Centre, 1999 Rhodesia's Unilateral Declaration of Independence Hugh Pattenden, Carl P. Watts, Sue Onslow, 2025-10-30 This book brings together ways of understanding the multiple and complex dimensions of Rhodesia's Unilateral Declaration of Independence in 1965 and highlights its importance to wider African and World history *Trampled No More* Otrude Nontobeko Moyo, 2007-09-16 The stories of the Zimbabwean situation particularly those of the urban townships of Bulawayo are poignantly narrated through the voices of family members recounting their personal circumstances and what they perceive as the primary factors contributing to their repressed positions in the socio economical hierarchy Using an insider's perspective Professor Moyo goes behind the scenes in order to dismantle the simplistic blame game which asserts that the deterioration of Zimbabwe was caused solely by the current ZANU PF lead government The study details the historical

context and interpretations of history which led to the much discussed Zimbabwean political and economic crisis Socio economic policies that shape and continue to shape the complex livelihoods of the Zimbabwean people are also attributed to current and future conditions The author argues that within the Zimbabwean situation these contributors and their counters have not encouraged the prioritization of the needs of the most vulnerable population groups but rather that they have a tendency to hinder their general well being by limiting fundamental resources such as access to basic necessities freedoms affirmation of communality and individuality Through the narratives of the Zimbabwean people Professor Moyo highlights some of the acute strategies they and their families have used to survive as a way to explore future policy avenues that take into account people s agentiveness the capacity to overcome unfavorable conditions by utilizing what little resources are available Zimbabwe s greatest asset Moyo ,1999 The Arts of Africa ,1990 *Beacham's Guide to Environmental Issues & Sources* Walton Beacham,1993
