### Drive Sensibly - Save Fuel

Fuel consumption, to a great extent,  
depends on driving habits and operating  
conditions.

To save fuel you should:

- keep close to the recommended  
optimum pressure,
- reduce unnecessary loads,
- remove the clunk in rear-mounted  
luggage racks when not in use,
- allow engine to warm-up under low  
load use,
- avoid frequent accelerations and  
decelerations,
- have all maintenance work per-  
formed at regular intervals by an  
authorized Mercedes-Benz  
dealer.

Fuel consumption is also increased  
by driving in cold weather, in  
stop and go traffic, on short trips  
and in city country.
