**Practical Exam Preparation Guide of Clinical Skills for Athletic Training** Herb Amato,Christy Venable Hawkins,Steven L. Cole,2002 Practical Exam Preparation Guide of Clinical Skills for Athletic Training is a new study guide for the athletic

training student that will aid in preparation for the practical portion of the NATABOC certification exam. This learning tool will also serve as a means of developing entry level clinical skills as part of the Learning Over Time concept. The majority of clinical skills included in this book are specific outcomes of Clinical Proficiencies referenced in the NATA Athletic Training Educational Competencies. The user friendly format makes this study tool a valuable component of exam preparation. The student will be able to learn, practice and test clinical skills with an easy to follow checklist design. The clinical educator will also benefit from this useful reference as a way to document when clinical skills have been taught, practiced, evaluated and mastered by the student. The learning of these skills is a key component in the future mastery of clinical proficiencies. Clinical Education documentation is a commonly weak program area and is a major focus of Practical Exam Preparation Guide of Clinical Skills for Athletic Training. Another added benefit is the inclusion of weighted practical exams that can be used by the student for studying or by the clinical educator for testing and assessment. Perfect for the student or educator. Practical Exam Preparation Guide of Clinical Skills for Athletic Training provides a wealth of information in one handy reference from practical exams to clinical skills. This comprehensive resource is necessary for all the field of athletic training. Features 3 weighted practical exams. Easy to follow checklist design. Clinical Education documentation. Supply lists for each clinical skill.
