## **Associate Electronics Technician Study Guide:**

The Associate CET Examination Study Guide Electronics Technicians Association, 1996      **CETa Unofficial Practice**

**Questions for the Associate Certified Electronics Technician Exam** Mike Yu, Examreview, 2021-10-26 The ETA's Associate Certified Electronics Technician CETa certification is designed for technicians with less than two years work experience or training in electronics. The exam covers disciplines including electrical theory, test equipment, circuits, telecommunications basics, and work procedures. This serves as the foundation for ETA's journeyman, senior, and master specialty and master certification programs. 90 questions included. We create these self-practice test questions module referencing the concepts and principles currently valid in the exam. Each question comes with an answer and a short explanation which aids you in seeking further study information. For purpose of exam readiness, drilling this product includes questions that have varying numbers of choices. Some have 2 while some have 5 or 6. We want to make sure these questions are tough enough to really test your readiness and draw your focus to the weak areas. Think of these as challenges presented to you so to assess your comprehension of the subject matters. The goal is to reinforce learning to validate successful transference of knowledge and to identify areas of weakness that require remediation.
