### Investigator's Lead - One Sheet

How else have you and your investigating partner worked together on this case?

Investigative techniques: techniques used to investigate a particular offense

Investigative techniques

Investigative techniques may include interviews, surveillance, physical evidence collection, witness identification, and witness location. These techniques are used to identify potential and actual offenders. Investigative techniques are used to determine if there is a possibility.

The police officer's performance in conducting investigations may affect the investigation's outcome. How? Explain. How is police officer's behavior affected by the following situations?

- a. When is "investigating power" available and when is it not?  
Investigative techniques will only be available for law enforcement officers with investigating power. Officers without this designation are not allowed to use investigative techniques.
- b. What restrictions are placed on police investigations?  
Investigative techniques are restricted by law, federal constitutional rights, and state constitutional rights.
- c. How are police investigations affected by the following situations?  
Investigative techniques are restricted by the following situations:
  - 1. When the suspect and investigating officer share knowledge of a crime, but the officer is not a law enforcement officer. When is it necessary for the investigating officer to suggest that the officer be removed?
  - 2. When a suspect is giving false names and addresses, and the suspect has a lawyer, does this prevent the officer from gathering evidence of the suspect's true identity?
  - 3. If the suspect refuses to answer questions, does this prevent the officer from gathering evidence of the suspect's true identity?
