**Essentials of Understanding Psychology** Robert S. Feldman, 2006-11 Students First Essentials of Understanding Psychology is written around the philosophy that an effective textbook must be oriented to students informing them, engaging them about the field and expanding their intellectual capabilities because when students understand psychology they learn psychology. No matter what brings students into the introductory course and regardless of their initial motivation, Essentials of Understanding Psychology Seventh Edition draws students into the field and stimulates their thinking. This revision integrates a variety of elements that foster students' understanding of psychology and its impact on their everyday lives. It also provides instructors with a fully integrated supplements package to objectively gauge their students' mastery of psychology's key principles and concepts and to create dynamic lectures
