Use what you know about matter to help the mouse to find the cheese. Color the squares about liquids red, the squares about gases green, and the squares about solids yellow. Then draw a line on the yellow path for the mouse to get to the cheese.

		water takes this form below 0°C	takes the shape and size of any container		things take this form when they freeze	
takes the shape of its container but not the size		water changes to this state between 0°C and 100°C	water changes to this state above 100°C
