Key Of Masonic Initiation:

The Key of Masonic Initiation P. T. Runton,1942 **The Secret Science of Masonic Initiation** Robert Lomas,2009-06 The Secret Science of Masonic Initiation is different and revelatory This book will take you on an imaginative journey deep into that inner part of your consciousness that Freemasonry calls your soul Not since the glory days of Wilmshurst Ward and Waite has any serious Masonic writer attempted to look at the meaning of Masonry in such knowledgeable depth Its ritual says it is a high and serious subject But how can an individual discover the truths it outlines How do you become an Initiate and a Master A new spiritually aware generation is asking this question and demanding answers Using words and images this book leads you through the spiritual stages of Masonic knowledge The Craft teaches that each new apprentice shall find a teacher to gain instruction The open Lodge is not the place for instruction but a place for living out truths that should be taught privately by contemplation of symbols **The Secret Science of Masonic Initiation** Robert Lomas,2016-02-21 Freemasonry has a deep purpose which can be overlooked in the rush of the modern world Its ritual says it is a high and serious subject But how can an individual discover the truths it outlines How do you become an Initiate and a Master A new spiritually aware generation is asking this question and demanding answers This book responds in an unexpectedly visual way Using words and images it leads you through the spiritual stages of Masonic knowledge The Craft teaches that each new apprentice shall find a teacher to gain instruction The open Lodge is not the place for instruction but a place for living out truths which should be taught privately by contemplation of symbols Robert Lomas has spent thirty years as a University teacher and twenty years studying Freemasonry and its ritual In this book he shares his personal insight into the Craft explains his understanding of its ritual and outlines the steps a Mason must take to find self knowledge His words are illuminated by the unique symbolic drawings of two masters of Masonic Tracing board design The purpose of Freemasonry is to help its members become Initiates in the science of Life If you want to know yourself then Freemasonry offers a path to that knowledge It is a spiritual adventure fit for the athletic and adventurous mind The Secret Science of Masonic Initiation reveals that path **The Lost Key** Prentiss Tucker,1999-10 Symbols play a big part in our lives but we often miss their full meaning A book for Freemasons and explains the meaning of their symbols Masons are members of a longstanding fraternal order that functions as a mystical brotherhood A number of rituals are performed as one progresses up the ranks usually in the form of an initiation Often times Masons may not fully understand the true purpose of the initiation This book covers the symbols found within the first three degrees of Freemasonry making it an excellent guidebook for the beginning Mason and offers a more complete understanding for those who oversee their rituals **The Alchemical Keys to Masonic Ritual** Timothy Hogan,2007-12-01 This is the first book which establishes a direct link between the rituals of Freemasonry and the practice of both chemical and spiritual alchemy Albert Pike understood that the symbolic degrees of Freemasonry contained alchemical secrets but he never put the whole pattern

together and showed how This book shows these connections for the first time This book is a must for any Freemason who wants to understand the secret meanings behind the Symbolic Blue Lodge ritual Tim Hogan is a PM 32 KCCH KT FRC PSM AMD and Knight RC of the Royal Order of Scotland He lectures extensively both inside and outside of the United States on Freemasonry

The origin of masonic ritual & tradition as manifested by the geometrical design and symbolism of the Great pyramid, a lecture William Rowbottom,1880 The Ceremony of Initiation Robert Lomas,Walter Leslie Wilmshurst,2013-11 The Ceremony of Initiation was originally written for the instruction of the members of the research lodge known as the Lodge of Living Stones founded by W L Wilmshurst in Leeds Walter Leslie Wilmshurst was born in 1867 in Sussex At the age of fifteen he was articled to a solicitor in Huddersfield Yorkshire and worked as a solicitor there until his death in 1939 He was also one of the best loved writers about Freemasonry of the twentieth century as well as the founding Master of The Lodge of Living Stones His first best selling book The Meaning of Masonry was soon followed by the equally popular The Masonic Initiation and in addition he was a prolific writer of essays about the esoteric side of Freemasonry Wilmshurst s style of writing highly formal and typical of his Victorian education can make him a difficult read for modern Masons Hence Robert Lomas himself a popular writer on Freemasonry and the Associate Membership Secretary of the Lodge of Living Stones decided to revisit some of Wilmshurst s less well known books and restate their ideas in a more modern idiom so as to alert new Masons to the deeper meaning of the rituals of their Craft This edition contains Wilmshurst s complete original text as well as Lomas s modern retelling
