quite often becomes an expensive and frustrating experience. Read on if you're serious about swing trading and wish to study it from a professional swing trader. Swing Trading is truly one of the golden nuggets of trading. It combines the best of both worlds: the slow pace of investing and the rapid potential gains of day trading. Based on the bulletproof trading principle of riding the wave of the current market trend, it's the ideal strategy to learn if you want a low risk, low involvement income source. Unfortunately, studying swing trading on your own often ends up being a frustrating experience. Most of the guides out there offer either an over simplified approach or get overly academic, relying too much on technical jargon. And if you want a tailor made course, you really have to get ready for a 4 figure price. *Swing Trading Masterclass* has been written by Kenneth O'Neil to fill this gap. Backed by 10 years of swing trading experience, he developed a straight to the point, detailed and practical guide to mastering swing trading. And rest assured, the book has been created with both beginners and experienced traders in mind. Here is what you're going to learn by following the masterclass: A real trader's POV on swing trading and its stronger/weaker sides vs other trading strategies; Why swing trading is such a good match for so many traders and how to take full advantage of its unique benefits; How to start with swing trading, building the right foundational investment strategy; What's the right money management approach for a successful swing trader; The winning swing trading strategies: what are they and how can novices and experienced traders utilize them effectively; Charting basics and advanced analysis tools with specific examples and graphics; From theory to reality: how to correctly apply the knowledge in order to trade successfully; The future outlook: establishing your master trading plans to maximize profitability; A handy glossary of swing trading terms; and so much more. So if you're serious about learning swing trading, do not wait any longer. Follow *Swing Trading Masterclass* and you will master one of the most rewarding trading strategies in the market today.
