## Sample Student Responses and Scoring Commentary

# DRAFT

These sample responses were written based on responses to 1999 reading and writing prompts. The prompts may not be identical to the prompts used for the 2022 examination. For more practice, see the Practice Exams.

These responses illustrate how the sample essays for the 2022 examination were graded by AP readers and contribute to the sample reader performance. Please note that the sample responses should be used as guides only. However, these four sample responses show the following: responses to writing prompts, responses to reading prompts, and responses to the two writing tasks. Each response is followed by a brief description of the response and a sample reader's grade.
