Understanding the Synthesis Essay

The synthesis essay is part of the AP Lang exam's free-response section. It requires analyzing multiple sources provided in the exam booklet, combining their ideas, and presenting a cohesive argument based on a specific prompt.

Purpose: Demonstrate your ability to synthesize (combine) different perspectives and support a central thesis using evidence from the sources.

Comprehensive Step-by-Step Guide

Step 1: Analyze the Prompt

- **Key Objective:** Understand what you're being asked to argue or evaluate.
- **Action Steps:**
 - Highlight the central question or directive (e.g., "evaluate," "defend," "challenge").
 - Determine your argument's scope based on the issue and tone of the prompt.
 - Example: "*To what extent should governments regulate social media?*" calls for evaluating both the benefits and potential risks of regulation.

Step 2: Skim and Organize Sources

- **Key Objective:** Familiarize yourself with the sources and their relevance.
- **Action Steps:**
 - Skim all sources to understand general perspectives (supporting, opposing, or neutral).
 - Annotate as you read:
 - Highlight key evidence, statistics, and expert opinions.
 - Identify each source's credibility and tone.
 - Label the sources (e.g., *Source A is pro-regulation, Source B emphasizes privacy concerns*).

Step 3: Develop a Strong Thesis

- **Key Objective:** Create a direct, arguable statement.
- **Action Steps:**
 - Craft a thesis that addresses the prompt and previews your main arguments.
 - Use precise wording to clearly take a stance.

Wilcox, 2018-11-07 This volume culls scholarship on both what high literacy is and how it is developed It embraces the call put forth by Langer and Applebee 2016 that high literacy must continue to be our aim and to see more research analyzing

and identifying how teachers might promote literacy practices that promote deep thinking around important content. The editors offer a conceptual framework for high literacy that explicates how each component i.e. reading, writing, dialogic engagement and epistemic cognition in literary reasoning relates to the others and from what scholarly literature these concepts have been derived. Individual chapter authors provide in-depth examinations of the existing research base on particular related topics focusing on the two important cross-cutting aims of the volume 1 explicating the roles reading, writing, dialogic engagement and epistemic cognition hold in high literacy development and 2 providing examples of practices recommended to develop high literacy. **Social Justice in Action** Neal A. Lester, 2024-11-08 Addressing both veterans of justice work and novices seeking points of entry the essays in this volume showcase practical approaches to diversity, equity, and inclusion ways to build community, earn trust, tell unheard stories and develop solutions to problems. Emphasizing values such as empathy, self-reflection, and integrity the volume is rooted in humanities work but also features contributions from fields as diverse as the performing arts, architecture, and evolutionary biology and represents settings beyond the college campus such as schools, libraries, museums, and prisons. While bringing insights from higher education it critiques the system as well as exploring the ways that institutions reinforce power structures and exclude marginalized voices. Interspersed with the essays brief reflections by activists and artists offer testimony and inspiration. **CliffsAP Biology** Phillip E.
