years of teaching Lewis Morris discovered a startling fact. Most students didn't struggle with the subject they struggled with the language. It was never about brains or ability. His students simply didn't have the knowledge of the specific language needed to succeed. Through experimentation and research he discovered that for any subject there was a list of essential words that when mastered unlocked a student's ability to progress in the subject. Lewis called this set of vocabulary the Insider's Words. When he applied these Insider's Words the results were incredible. His students began to learn with ease. He was on his way to developing the landmark series of Books and applications to teach this Insider's Language to students around the world. Our books and applications are helpful to any student. They are especially helpful to struggling students, English language learners and students beginning a course of study. The strongest students will also enjoy the puzzle and game aspect of the books. In all cases the books provide an enjoyable break from the tedious and mundane experience of traditional test preparation. Get your copy today! N.B.
