- They provide a consistent response that maintains their own personal brand message showing the customer that they are a professional.
- This gives customers a sense of security and confidence. If the customer receives the products or services that they expected, they will be more likely to buy again and refer their friends and family.

They may have been given the impression that a single or a few more individuals had a strong influence on the outcome of the election, and that the outcome was determined by a few individuals.

Consequently, we expect that the main problem will be to find a way to measure the effect of the new treatment.
