The SMART Way Glennis Zilm, 2009 The SMART Way is an introductory guide for nurses and nursing students who wish to improve their writing skills It examines the essential elements of written communication using the unique SMART Approach to writing Source Message Audience Route and Tone Following the latest APA style guidelines The SMART Way illustrates the various forms of common written communication such as e mail letters memos reports r sum s briefs articles presentations and research papers The book also includes many useful sample documents and helpful skill testing exercises The Third Edition of The SMART Way has been expanded to include using the internet for research and referencing plagiarism using email for academic correspondence and submitting papers and creating effective presentations It also includes handy quick reference lists and free additional resources on a companion EVOLVE website

Educational Research John W. Creswell, 2005 Educational Research Planning Conducting and Evaluating Quantitative and Qualitative Research third edition is appropriate for courses in Introduction to Educational Research This successful core research text is known for its truly balanced coverage of qualitative and quantitative methods The author's clear and practical writing has made this book a favorite among instructors and students In clear step by step language the text helps students learn how to read and evaluate research studies Key changes include updated quantitative coverage expanded coverage of ethics and new research articles For future teachers

Technical Communication for Readers and Writers Brenda R. Sims, 2002-09-24 Sims Technical Communication for Readers and Writers Second Edition guides students in planning writing and designing effective documents to meet the needs of users and readers Thoroughly revised expanded and redesigned in full color this edition gives students the tools they need to create appropriate technical documents for a multitude of writing situations and audiences The text takes a process approach rather than the model based approach of older tech writing texts

Technical Writing Diana C. Reep, 2000 Technical Writing Principles Strategies and Readings continues to offer a flexible combination of instructional chapters and readings that reflect the variety of emphases in today's technical writing classroom The instructional chapters offer a comprehensive presentation of technical communication while articles from professional

journals which constitute about one third of the text offer insight and advice on specific communication topics These readings also introduce students to important subjects related to technical writing not usually addressed in introductory texts Each concise and self contained instructional unit includes extended models and exercises which can be used in class or for collaborative or homework assignments Students who study technical writing as part of their career preparation in science business engineering social services and technical fields will find this text particularly useful Digital Detectives Crystal Fulton,Claire McGuinness,2016-05-05 Digital Detectives Solving Information Dilemmas in an Online World helps students become independent and confident digital detectives giving them the tools and tactics they need to critically scrutinize web based digital information to ascertain its authenticity veracity and authority and to use the information in a discerning way to successfully complete academic tasks Enabling students to select and use information appropriately empowers them to function at a higher level of digital information fluency acting as discerning consumers of and effective contributors to web based information Offers a situated problem solving approach to deepen students analytical and research skills Explores a practical real life dilemma that is typically experienced by undergraduates in the course of their academic work especially those transitioning from secondary to third level education Focuses on the authentic educational needs of undergraduates as expressed by educators but also students themselves Addresses a specific central dilemma which is identified at the outset but also uses the opportunity to reveal to students the broader contextual issues which frame the problem they are exploring

Business Communication A. C. Krizan,Patricia Merrier,Carol Larson Jones,2002 The ability to communicate effectively is critical for student success in today s business environment The new edition of this back to the basics text was specifically designed to help students develop their communication skills The authors offer complete coverage of fundamental business English topics and concepts with extensive practice and end of chapter review Three chapters focus on essential oral and nonverbal communication skills Facing page models a hallmark feature of this text provide students with good and bad examples of business writing This new edition also integrates technology throughout using numerous Internet activities combined with a dedicated chapter on technology issues Updated information on business and casual dress for interviews and electronic resumes helps students prepare for the realities of today s workplace Conducting Educational Research Bruce W. Tuckman,1978 This text focuses on analyzing and critically evaluating published research The text includes a checklist sample study and research problems that are already worked out This fifth edition features instructions and descriptions for running statistical tests using the personal computer and the software program SPSS The text also includes expanded coverage of qualitative data collection methods Smaller changes include more information on the ethical requirements for researchers and discussion of the use of meta analysis and techniques for employing a wider range of research designs *Academic Libraries and Research* ,1997 **Interpreting Research in Sport and Exercise Science** Randy Hyllegard,Dale Mood,James R. Morrow (Jr.),1996 Provides the reader with skills to interpret scientific articles and

recognize appropriate formats for research studies The text aims to provide two types of goals knowledge goals including understanding the principles of science and skills goals including constructing library research **The Allyn & Bacon Guide to Writing** John D. Ramage, John C. Bean, June Johnson, 2003 The most successful college rhetoric published in over a decade The Allyn Bacon Guide to Writing offers the most progressive and teachable introduction now available to academic and personal writing The four color guide offers engaging instruction in rhetoric and composition a flexible sequence of comprehensive writing assignments numerous examples of student and professional writing and thorough guides to research and editing Solidly grounded in current theory and research yet eminently practical and teachable The Allyn Bacon Guide to Writing has set the new standard for first year composition courses in writing reading critical thinking and inquiry Part One A Rhetoric for College Writers provides a conceptual framework for The Allyn Bacon Guide to Writing by showing how inquiring writers pose problems pursue them through discussion and exploratory writing and solve them within a rhetorical context shaped by the writer's purpose audience and genre Part Two Writing Projects contains thirteen self contained assignment chapters arranged according to the purposes for writing Each chapter guides students through the process of generating and exploring ideas composing and drafting and revising and editing Concluding each chapter are Guidelines for Peer Reviewers which sum up the important features in the assignments and facilitate detailed helpful peer reviews Part Three A Guide to Composing and Revising comprised of three self contained chapters of nuts and bolts strategies for composing and revising Part Four A Rhetorical Guide to Research presents pedagogically sequenced instruction for helping students learn to conduct searches evaluate sources and incorporate sources into their own writing Research skills are taught within a rhetorical context with special attention to the rhetoric of websites Part Five A Guide to Special Writing and Speaking Occasions gives students helpful advice on working in groups giving speeches and presentations writing essay exams assembling portfolios and writing reflective self evaluations Part Six A Guide to Editing is a concise handbook of grammar usage mechanics punctuation style and editing
