Paper 2 Question 5 - June 2020

People have become obsessed with travelling near-future and future scenarios travel is expensive, dangerous, disgusting and a foolish waste of time!

Write an article for a news website in which you argue your point of view on this statement.
Travel is a waste of time!

Travelling to exotic places offers not just a physical journey but a transformative exploration of the self

In the heart of a bustling city—where skyscrapers reached for the heavens—lived a young woman named Maya. She had always dreamt of exploring the world beyond her familiar surroundings. One day, she embarked on a journey to an exotic country tucked away in a far-flung corner of the globe. As she stepped off the airplane, she was enveloped in a symphony of vibrant sights, intoxicating scents, and the pulsating beat of a foreign culture. The bustling markets, teeming with colorful fruits, intricate crafts, and beguiling vendors, beckoned her to unravel their mysteries. Each encounter unveiled a new facet of humanity: the shared laughter, stories, and meals with locals who welcomed her into their homes and hearts. From ancient temples, where history whispered through weathered stones, to pristine beaches—where the sun danced sand over the warm sea—she marvelled at the beauty that unfolded before her eyes. With each step, she discovered that embracing the unfamiliar opened her mind to endless possibilities. The thrill of discovering herself in new experiences, witnessing breathtaking landscapes, and forging connections across borders awakened a deep sense of wonder within Maya. She realised that travelling to exotic countries was not just a physical journey, but a transformative exploration of self. It expanded her horizons and forever shaped her perspective on the world.

What's your point about for your exam ...

Indeed, travelling to exotic countries offers a plethora of benefits that enrich our lives and broaden our horizons. One of the significant advantages is the exposure to diverse cultures and traditions. Exploring exotic destinations allows us to witness customs in the vibrant tapestry of different customs, languages, and ways of life. From bustling exotic markets to witnessing exotic festivals, every experience becomes an opportunity to appreciate the rich diversity of our world. It opens our minds to new perspectives, challenging our preconceptions and fostering a deep sense of cultural understanding. This exposure to different cultures enhances our ability to empathise and connect with people from all walks of life, fostering global harmony and unity.

Moreover, travelling to exotic countries provides a profound sense of personal growth and self-discovery. Stepping outside our comfort zones and navigating unfamiliar landscapes fosters resilience, adaptability, and independence. We learn to navigate through language barriers, cultural nuances, and unexpected situations, which strengthens our problem-solving skills and boosts our confidence. Like Maya discovered, the challenges we encounter during our journey become opportunities for self-reflection and self-improvement. Additionally, witnessing nature's raw, untamed beauty stimulates our creativity and broadens our perspectives. It ignites a sense of awe and wonder, inspiring us to embrace new experiences and seek continuous learning.

While some argue that travelling to exotic countries can be expensive, time-consuming, and environmentally unsustainable, it is important to consider these concerns alongside the broader context. For Maya, the cost of flights, accommodations, and activities in exotic destinations was offset by the memories, long-held flights contribute to carbon emissions. Taking conscious steps to minimise the impact of travel, such as choosing eco-friendly accommodations, the time invested in preparation and research on each trip may pose challenges for individuals with busy schedules or limited vacation time. However, these concerns arguments should be viewed alongside the transformative and educational value of travelling to exotic countries. Embracing travel is embracing culture, breathtaking landscapes, and shared perspectives provide invaluable experiences that cannot be replicated elsewhere. It broadens horizons, fosters empathy, and cultivates a deeper appreciation for the world's wonders. Moreover, the growing awareness of sustainable travel practices encourages tourists to minimise their environmental impact through eco-friendly accommodations and responsible tourism practices.

By carefully considering the financial and environmental implications and adopting sustainable travel practices, we can mitigate these challenges. It is possible to find affordable options, make conscious choices that reduce environmental harm, and optimise the use of time. The rewards of travelling to exotic countries—be it personal growth, cultural enrichment, and a broader worldview—far exceed the potential drawbacks. Therefore, with responsible planning and mindful engagement, travelling to exotic countries remains a worthwhile pursuit for those seeking transformative experiences and a deeper understanding of the world.
