

HISTORY GRADE 12 NOTES

QUESTION 1: SOURCE-BASED SECTION

THE COLD WAR IN EUROPE

- Before the end of World War II, the Western European countries and the Soviet Union began to grow suspicious of each other.
- The lack of trust and co-operation between the USA and USSR in particular, led to what is commonly referred to as the Cold War.

What was the Cold War?

- The Cold War was a series of mounting tensions between the two super-powers, each representing differing ideologies.
- On the one hand the USA symbolised a capitalist, democratic system and the USSR or Russia, stood for the principles of communism and a one-party system of government.
- The struggles between the two sides, the East vs the West, was an indirect conflict and usually at considerable risk to global peace.
- At times, the cold war became 'warm' and threatened to develop into full scale, 'hot' war - but one of the two powers always backed down at the last minute and thus the cold war continued for a lengthy period.

Origins of the Cold War

- After World War II, the Allied Powers had several conferences to discuss the future of Germany and the reconstruction of Europe.
- In February 1945, the Yalta Conference was held in the Soviet Union and the following was decided upon by the Big Three (Russia, USA, and Britain):
 - **That Germany be divided into four Zones of occupation - Russian, American, British and French.**
 - **Berlin, the capital of Germany, which was situated in the Russian Zone, be divided into four sections, one for each of the 4 major**
