The summary uses an objective tone without opinion.

In the article "Why Promoting a Reading Culture Could Promote Wellbeing," Natalie Clarkson discusses how a workplace that encourages reading leads to greater satisfaction and higher productivity. Reading a book helps employees lower stress levels by allowing the reader to escape into imagination. The satisfaction that a reading culture offers also translates to less stress in the workplace, which maintains high levels of productivity. When employees are happier, they are more likely to stay with an organization and work more effectively as part of a team. All of these benefits make a workplace reading culture a positive influence on employee wellbeing (Clarkson, 2015).

The author ends the summary with a closing line.

The opening line introduces the genre, title, author, and an overview of the article.

The closing line restates the main points of the article, avoiding smaller details.
