

FOREWORD

This manual contains an extensive description of the features of your car and procedures for its regular maintenance and servicing of its main components.

Other information contained in previous pages is also included.

Read this manual before you drive your vehicle. It will help you to familiarize yourself with the features and the correct way to use the vehicle as well as offer some valuable tips for proper inspection and service.

This manual will help you from the manufacturer but not all that you will require your knowledge of the car and service service.

- This manual has been prepared on the basis of the present specifications at the time of publication. Modifications have been made since then. Differences may affect features of the engine and the chassis. Therefore, the manual you have is only the latest version of specimen and may not represent the actual components exactly as shown.
- The manual is written for persons who have enough knowledge, skills and basic necessary special tools for servicing S-10/S-15 vehicles. If you are not sure the proper maintenance and tools and your distributor (S-10/S-15) recommends them to you, see:

PERIODIC

Inspection, diagnosis or maintenance activities and the procedures and equipment must be done to properly perform the service. Therefore, in this manual inspection steps may lead to links to the distributor and factory for the maintenance details for the car and service.

IMPORTANT

All information listed in this manual will help you to maintain your car properly and safely. However, many features of your car are unique and may not be found in other vehicles. These applications and unique features do not allow many repairmen to work on vehicles without extensive training. Therefore, certain specific information required to properly inspect and service the vehicle is contained only in this manual. It is strongly recommended that the chapter of *General Safety Precautions and Information* be thoroughly reviewed before any type of service work is performed.

Other information concerning the S-10/S-15 vehicles can be found in the *Suzuki Maintenance Guide* (Part 1) which is available through your distributor.
