**Vincent Motorcycles** Philippe Guyony, 2021-10-28

Very few motorcycles have carved a mark in history like the Vincent V twin from its arrival in 1946 and up to the present day. On the road in club racing in drag races or competing for land speed records it dominated the motorcycle world leading to the famous catchphrase coined by the factory. The World's Fastest Standard Motorcycle. It was a FACT NOT a slogan. Images such as that of Rollie Free in swimming trunks laying flat on his works modified Black Shadow and taking the American motorcycle land speed record at Bonneville in 1948 have now passed into posterity. In fact the big Vincent was so ahead of its time that it continued to compete successfully almost arrogantly in racing until the mid 1970s against modern bikes. No other motorcycle in the world can claim this kind of achievement. Following the premature ending of Vincent production, Fritz Egli's 1967 Egli Vincent was the first chassis completely redesigned for a Vincent in 21 years. Egli's machine inspired numerous builders for several generations and this book traces holistically the story of all those motorcycles in the broad context of the classic and modern history of the Vincent. Understand how the flame of passion still burns brightly today.

**Ford Cars 1945 to 1995** David Rowe, 2000-05-24

Ford cars can be found all over the world and vintage models appear at most classic car shows. This book helps to identify the models sold by Ford of Britain and provides detailed information on each model with technical specifications, original colour photographs and lists the colour schemes that were available. Continuing this popular series covering classic British cars, David Rowe now turns his keen eye to the British Ford models. He is well placed to do so having worked at two Ford dealerships over a 30 year period and has driven many of the models covered by this book.
