The FBI Story United States. Federal Bureau of Investigation, 2014 Message From FBI Director James B Comey This past year the FBI and its partners again addressed a wide range of national security and criminal threats Together we responded to numerous crisis incidents such as the terrorist bombings of the Boston Marathon and the shootings at the Navy Yard in Washington DC We confronted a continued surge of cyber attacks against targets ranging from everyday citizens to our largest and most successful businesses And we stopped those who would strike at the heart of our communities from violent gangs and white collar criminals to child predators and corrupt public officials A glimpse of the challenges we faced and what we achieved together can be found in this latest edition of The FBI Story our annual collection of news and feature articles from the Bureau s public website Here you can read about some of our most successful recent major investigations and operations These include a three day nationwide sweep targeting child prostitution in which we identified and rescued more than 100 young victims and arrested more than 150 pimps the rescue of a 5 year old boy held captive in a heavily armed bunker in Alabama and uncovering of the largest domestic bribery and bid rigging scheme in the history of federal contracting cases one that siphoned more than 30 million dollars of taxpayer money This edition of the FBI Story also

highlights some of the Bureau's remarkable capabilities. You will find a multi part series on our elite Hostage Rescue Team which marked its 30th anniversary this past year and a feature on the Terrorist Explosive Device Analytical Center TEDAC an FBI established multi agency operation that celebrated its 10th anniversary in 2013

The Criminal Justice Periodical Index, 1983 **Index to Legal Periodicals & Books**, 1998 **Modern American Extremism and Domestic Terrorism**

Barry J. Balleck, 2018-06-01 Highlighting a breadth of American individuals and groups that engaged in extremist behavior across history this book provides a succinct concise overview of extremist behavior in the past and examines today's increasingly common incidences of hate and extremism. Since the election of Barack Obama in 2008 extremist and hate groups have seen a resurgence on the American political landscape. Members of these subgroups within the American population have become concerned that the America that they have always known is fading into oblivion with a majority of individuals in these groups holding fiercely anti immigration views and adhering to the belief that the United States should not admit large numbers of any group that is not white Christian or predominantly European. Others believe that the principles and precepts of the U.S. Constitution have gone by the wayside and that drastic measures are required to protect the underlying tenets that were the essential elements of the Constitution and many of their nation's founding principles. How did these individuals come to feel this way is it possible to bring these impassioned extremists back into the fold and if so how? This book provides comprehensive illuminating and sometimes disturbing insights into the individuals groups and events that have illustrated extremist behavior in post World War II America. Ranging from the anti communist rhetoric and activities of the John Birch Society to the radical socialist ideals of the Black Panthers to the goals of a pure America articulated by white nationalists this book documents the various extremist elements that shaped the second half of the 20th century as well as the first two decades of the 21st century. Readers will grasp how events in the histories of individuals and groups as well as perceived injustices have lead to the incidences of hate and extremism in American society. The encyclopedic entries of the book are specifically written to accessible to readers without specific knowledge of extremism, political science or sociology.
