**Louisiana Notary Exam Outline to the 2023 Study Guide** Michele Childress, 2023-02-03 PREVIOUS EDITION FOR 2023 for use with the 2023 study guide. Look for a new edition keyed to the current study guide. Updates and expands the previous edition and is keyed to the state guide. The Louisiana Notary Public exam is based on a 722 page study guide: Fundamentals of Louisiana Notarial Law and Practice. But the official book is famously difficult and organized in a complex way. Readers often need help including classes and Facebook groups just to unwind it. This book is at last directly aimed at simplifying and outlining the study guide itself. Such a resource offers a better chance of passing the notoriously challenging notary exam. Law school classes and bar exam prep have long given law students the advantage of complete outlines, nutshells, and bar review materials authored by experts in their subjects. It's time for this concept to be used for notary prep as well. Applying the tried and true outlining format successfully employed for bar review, experienced lawyer notary Michele Childress offers this resource for aspiring Louisiana notaries whether they're prepping by self study or as part of organized coursework. A new addition now in its second edition to the Self Study Sherpa Series from Quid Pro Books, this book joins the Sidepiece and Sample Questions texts as affordable guidance in the journey to becoming a commissioned notary in our state.

**Fundamentals of Louisiana Notarial Law and Practice** C. Alan Jennings, Susan L. Johnson, Richard P. Bullock, 2021. *Louisiana Notary Exam Sidepiece to the 2020 Study Guide* Steven Alan Childress, 2020-02-14. The Louisiana Notary Exam has a 20% pass rate. The Notary Exam has an official Study Guide you use during the exam. But the Study Guide has no index, no big picture, no study strategies, no exam day tips, no paginated cross references, and few of the forms notaries use that they test. It doesn't explain most tested subjects, past exams, or recent changes to the Guide. It's got the law and notary rules, but it's missing essentials for any such textbook. This book has all that and much more that anyone contemplating the exam should read. It even includes crucial information about notary practice for the newbie notary and is useful to experienced notaries for its paginated cross references, complete index, and summary lists. Basically, it's the rest of the official Study Guide they somehow omitted. Why would they leave out the index of all things? Reminder: a 20% pass rate. As a senior law teacher and member of two state bars, Professor Childress still needed to pass the Louisiana Notary Exam to start practicing as one. It's a challenging exam for everyone, yet he found in the Study Guide lots of trees but little forest and even less real guidance. Determined that current
