**The Trump Effect**

L. Rowand Archer,2022-11-03 With the election of Donald Trump on November 8 2016

Americans experienced a sense of relief and joy knowing they could again participate in a vibrant business environment that offers them the power of self determination and the freedom to pursue their life goals and live according to their faith unencumbered by political correctness and the stifling ideology of creeping socialism For the last fifty or so years the dark side left have though academia the entertainment industry deep state bureaucrats and the liberal big media successfully been undoing the centuries old institutions of free market economies which has created unprecedented wealth the world over In its place the dark side left have been molding these institutions to reflect their warped ideology of a new socialist world

order with no boarder and based on a Marxist progressive left utopia an oxymoron if there ever is one The long term strategy for achieving their transition relies on undermining the economic engine by enacting burdensome big government regulations by imposing political correctness and identity politics into our daily conversations social interactions and norms and finally by attacking one s religious faith and values The dark side left s long march through the culture has resulted in the indoctrination of each new generation using the direct influence of academia movies and television programs the daily news coverage and government policy Miraculously as if by divine intervention after just one year of his presidency Donald Trump has managed to force into the open this sinister plot by the dark side left with the world now acutely aware of the serious bias of the liberal big media the corruption present at the senior levels of the intelligence branches left behind by the Obama administration the serious extent of liberal bias in academia and their effort to restrict free speech and the self interest of lawmakers seeking self enrichment from Washington s swamp dwelling domestic and foreign lobbyists With his unwavering commitment to work on behalf of the American people Trump has almost single handedly inflicted journalists and the political elites with varying degrees of Trump derangement syndrome and exposing their warped self serving values resulting in them becoming almost totally incapable of providing unbiased insightful political arguments on current issues for their audience Because of President Trump the world is witnessing the excruciating collapse of the dark side left and the Washington swamp His ability to navigate through the minefields laid by the bipartisan swamp and the liberal big media can only be answered through our faith in God who in all his wisdom has chosen this man to save free market countries and its people from the evils of the dark side left and their elitist minions *Athletic Director's Desk Reference* Donna A.
