4th Grade Science Projects On Planets:

Andi the alien and the fourth grade science project Kevin Horvath, 2012-07-06 This book is both fiction and non fiction It gives a completely imaginative alternative to how the human species actually began The scientific perspective on human beginnings is that we evolved from apes while the religious perspective is that we evolved from Adam and Eve This book takes another approach by suggesting a ten year old alien named Andi went to every human inhabited world in the Universe and asked for two volunteers one male and one female for a science project He brought them to one planet that can sustain all forms of life which Andi names Earth The book covers our solar system the continents sub continents and countries making it suitable for teaching in a regular classroom setting Also it encompasses the basic philosophy of the Dagonian alien life of putting peace and love before everything

A People's Curriculum for the Earth Bill Bigelow, Tim Swinehart, 2014-11-14 A People's Curriculum for the Earth is a collection of articles role plays simulations stories poems and graphics to help breathe life into teaching about the environmental crisis The book features some of the best articles from Rethinking Schools magazine alongside classroom friendly readings on climate change energy water food and pollution as well as on people who are working to make things better A People's Curriculum for the Earth has the breadth and depth of Rethinking Globalization Teaching for Justice in an Unjust World one of the most popular books we've published At a time when it's becoming increasingly obvious that life on Earth is at risk here is a resource that helps students see what's wrong and imagine solutions Praise for A People's Curriculum for the Earth To really confront the climate crisis we need to think differently build differently and teach differently A People's Curriculum for the Earth is an educator's toolkit for our times Naomi Klein author of The Shock Doctrine and This Changes Everything Capitalism vs the Climate This volume is a marvelous example of justice in ALL facets of our lives civil social educational economic and yes environmental Bravo to the Rethinking Schools team for pulling this collection together and making us think more holistically about what we mean when we talk about justice Gloria Ladson Billings Kellner Family Chair in Urban Education University of Wisconsin Madison Bigelow and Swinehart have created a critical resource for today's young people about humanity's responsibility for the Earth This book can engender the shift in perspective so needed at this point on the clock of the universe Gregory Smith Professor of Education Lewis Clark College co author with David Sobel of Place and Community based Education in Schools
