

## Anthem Practice Test

When does this novel take place - in the past, present, or future? How do you know? -

✓✓This novel takes place in the future because Equality describes a society unlike anything the world has yet seen: a society in which everyone is equal. It also says so on the back.

What motto is engraved over the portals of the Palace of the World Council? What prayer is recited every night? - ✓✓Motto:

"We are one in all and all in one.

There are no men but only the great WE,

One, indivisible, and forever."

Prayer:

"We are nothing. Mankind is all. By the grace of our brothers are we allowed our lives.

We exist through, by and for our brothers who are the State. Amen."

Describe Equality's writing. What is the format of his writing? - ✓✓Equality refers to himself as "we" (Gollum, anyone?). In his writing, he continually says that what he is doing is a transgression and saying there is an evil within him.

Describe Equality's physical appearance. - ✓✓Equality wears an iron bracelet on his left wrist with his name, Equality 7-2521, on it. He is 21 years old and 6 feet tall, which is very unusual. His teachers said there was evil inside of him because of his abnormal height.

What is Equality's curse? - ✓✓He is not like everyone else.

Compare the Home of the Infants, the Home of the Students, and the Home of the Street Sweepers. - ✓✓The Home of the Infants is where citizens stay from the time they are born until they are five. The sleeping halls were white, clean, and empty besides for 100 beds.

Citizens spend 10 years learning at the Home of the Students. The sleeping halls were the same.

The Home of the Street Sweepers is a gray house on a narrow street. The sleeping halls are the same.

Why was Equality pleased with his Life Mandate? - ✓✓By working as a Street Sweeper, he could make up for the times when he wished to be a Scholar and committed the Transgression of Preference.

Describe a typical day in Equality's life for the next four years. - ✓✓He gets up when a bell rings and then has a half-hour to eat and dress. Then he goes to work in the city with his brooms and rakes. Five hours later he has a half-hour break for lunch. Five hours after that he has an hour for dinner. Then the bell rings and he walks in a straight

Difficult Questions Have Easy Answers Atina Hseham, 2023-12-06 An inquiry made to obtain any information is known as an interrogation While asking the person tries to get an answer that allows him to satisfy his doubts The interviewers often ask simple questions in a very twisted fashion to confuse the candidates Difficult questions answers reflect the knowledge of the giver as well as his overall personality For example Which is heavier a kilogram of feathers or 1000 grams of lead Solution Both the weights are equal And What happened in Kolkata yesterday from 8 to 9 o'clock Solution An hour had passed These questions have a trick because they are framed in such a way that the answers seem simple but in reality they are not It can be said that the questioners confuse the candidates as they hide their answers using rhetorical resources and various devices In some cases the answer is found in the question itself but in secret Tricky questions are also used for fun or as a mental activity of logical practice Like a truck driver passing down a street in the wrong direction some policemen saw him but they didn't say anything to him why Solution Because the truck driver was on foot He shaves all day but still has a beard who is he Solution Barber Some months have thirty days and others thirty one but how many months have twenty eight Solution Every month has at least twenty eight days Which object becomes wet When it dries Solution Towel How do you draw a square with three lines Solution draw the square first and then draw three lines inside the square Thus an answer to a tricky question can lead to confusion due to the confusion generated question These types of questions are very specific to the areas in which people's knowledge or behavior is evaluated Generally such difficult questions can be perceived as misleading or incorrect because something is being implied that is not in reality However they can also be seen as methods whose precise purpose is to test the candidate and determine whether he or she is fully capable of answering the question that he or she is saying I know In this way about five thousand questions and answers have been given in the present book which is equally useful for all competitive examinations     **The Musical Herald and Tonic Sol-fa Reporter** ,1891
