App Promotion 101 Building Windows Store

Alfred Theodore Andreas

A red circular graphic with a gradient, appearing as a partial circle or a thick arc, located to the right of the author's name.

App Promotion 101 Building Windows Store:

The Bootstrapper's Guide to the New Search Optimization Deltina Hay, 2013-12 Anyone can easily and efficiently learn how to drive users to their website with the use of this handy guide to both traditional and nontraditional search engine optimization SEO Social search real time search semantic search blog and RSS feed search mobile engine and app search and other search types need to be considered in order to optimize maximum exposure on the internet today This book teaches how to prepare website content for semantic search engines how search engines and social networking sites work together how to apply organic search techniques to content and keyword lists and how to apply it to an individualized framework to maximize online exposure It goes on to provide analytical and metric tools to measure the success of the search optimization strategy Using real world examples and avoiding technical jargon this guide is perfect for businesspeople entrepreneurs and independent professionals who need practical successful and fast results that bring customers to their websites

The Business of iPhone and iPad App Development Dave Wooldridge, Michael Schneider, 2011-08-18 The phenomenal success of the iPhone iPad and the iPod touch has ushered in a gold rush for developers but with well over 300 000 apps in the highly competitive App Store it has become increasingly difficult for new apps to stand out in the crowd Achieving consumer awareness and sales longevity for your iOS app requires a lot of organization and some strategic planning Updated and expanded for iOS 4 this bestselling book will show you how to incorporate marketing and business savvy into every aspect of the design and development process giving your app the best possible chance of succeeding in the App Store The Business of iPhone and iPad App Development was written by experienced developers with business backgrounds taking you step by step through cost effective marketing techniques that have proven successful for professional iOS app creators perfect for independent developers on shoestring budgets No prior business knowledge is required This is the book you wish you had read before you launched your first app

Designing Apps for Success Matthew David, Chris Murman, 2014-02-03 In 2007 Apple released the iPhone With this release came tools as revolutionary as the internet was to businesses and individuals back in the mid and late nineties Apps Much like websites drove and still drive business so too do apps drive sales efficiencies and communication between people But also like web design and development in its early years and iterations guidelines and best practices for apps are few and far between Designing Apps for Success provides web app designers and developers with consistent app design practices that result in timely appropriate and efficiently capable apps This book covers application lifecycle management that designers and developers use when creating apps for themselves or the entities that hired them From the early discussions with a company as to how to what kind of app they want to storyboarding to developing cross platform to troubleshooting to publishing Designing Apps for Success gives a taut concise and pragmatic roadmap from the beginning of the process all the way to the end Developers and designers will learn not only best practices on how to design an app but how to streamline the process while not losing any

quality on the end result Other topics in this book include Case studies that best showcase the development process at work or not at work Global examples of apps developed all over the world Future proofing your apps Post publishing Promoting and marketing your apps and keeping it relevant Consistent app design practices for consistently successful results
