The Woman Hunters Arthur Somers Roche,1929 Mickey Spillane on Screen Max Allan Collins,James L. Traylor,2018-01-12 In the mid 20th century Mickey Spillane was the sensation of not just mystery fiction but publishing itself The level of sex and violence in his Mike Hammer thrillers starting with I the Jury in 1947 broke down long held taboos and engendered a near hysterical critical backlash Nonetheless Spillane s influence has been felt reflections of Hammer are visible in nearly every subsequent tough guy of fiction and film including James Bond Dirty Harry Shaft Billy Jack and Jack Bauer Spillane s fiction came to the screen in a series of films that include Kiss Me Deadly 1955 and The Girl Hunters 1963 with the author himself playing his private eye These films and television series starring Darren McGavin and Stacy Keach respectively are examined in a lively knowledgeable fashion by Spillane experts Included are cast and crew listings brief biographical entries on key persons and a lengthy interview with Spillane **The girl hunters** Mickey Spillane,1967

Why do women still earn less than men? Barbara Barisic,2021-08-23 Bachelor Thesis from the year 2021 in the subject Gender Studies grade 1 3 University of applied sciences Munich course International Management language English abstract This Bachelor Thesis gives a historical overview of women in the labour market as well as their fight for the prevention of gender based discrimination concerning salary and access to various jobs In addition to this the definition of the gender pay gap is explained just like the differences between adjusted and unadjusted gender pay gap and how this distinction affects the implementation of possible solutions

The third chapter gives an insight into the reasons for inequality of salaries between women and men such as educational segregation that later leads to the occupational segregation negotiating skills of women or lack of those skills parental leave glass ceiling glass escalator and sticky floor correlation lack of affordable childcare the way work is valued When it comes to the solutions chapter three shows that more legal regulations pay transparency equalising family leave increasing female salaries and companies committing to gender balanced leadership could help close the gap Apart from the discourse analysis the questionnaire was conducted to find out and show diverse people s opinions in the author s environment family friends co workers neighbours fellow students on the gender pay gap For example what they think the main reasons are solutions when could the gender wage gap end to what extent do they agree or disagree with the given statements Another goal was to explain gender in equality in their workplace and compare survey results with those in the first part of the research It can be then seen that the research design consists of both qualitative and quantitative analysis the so called mixed methods
