Apple Pro Manual:

Apple Pro Training Series David Nahmani, 2010-04-14 Completely revised and updated for Logic Pro 9 and Logic Express 9 this Apple certified guide shows you how to record produce and polish music files with Apple's professional audio software. Veteran music producer David Nahmani's step by step instructions teach you everything from basic music creation to advanced production techniques using Logic's software synthesizers samplers and digital signal processors. Using the book's DVD files and either Logic Pro 9 or Logic Express 9 you'll begin making music in the first lesson. Whether you're looking to use your computer as a digital recording studio create musical compositions or transfer that song in your head into music you can share this comprehensive book DVD combo will show you how. DVD ROM includes lesson and media files. Focused lessons take you step by step through professional real world projects. Accessible writing style puts an expert instructor at your side. Ample illustrations and keyboard shortcuts help you master techniques fast. Lesson goals and time estimates help you plan your time. Chapter review questions summarize what you've learned and prepare you for the Apple Certified Pro Exam. All of Peachpit's eBooks contain the same content as the print edition. You will find a link in the last few pages of your eBook that directs you to the media files. Helpful tips. If you are able to search the book search for Where are the lesson files Go to the very last page of the book and scroll backwards. You will need a web enabled device or computer in order to access the media files that accompany this ebook. Entering the URL supplied into a computer with web access will allow you to get to the files. Depending on your device it is possible that your display settings will cut off part of the URL. To make sure this is not the case try reducing your font size and turning your device to a landscape view. This should cause the full URL to appear.

Apple Pro Training Series David Dvorin, Robert Brock, 2010-02-14 If you want to go beyond the basics of creating and producing music with Logic Pro this Apple certified guide is for you. Whether you're a composer producer songwriter engineer studio programmer or simply a music lover who wants to create or produce professional quality music in your Logic based studio you'll find the self paced step by step instruction you need to begin creating your audio master works immediately. As a professional musician educator and a former employee of both Emagic and Apple author David Dvorin knows Logic like no one else. Here he uses project based tutorials to guide you through real world production tasks revealing Logic's secrets along the way. In short order you'll be scoring and composing creating your own sounds with Logic's software instruments and employing advanced mixing editing and production techniques. A companion DVD includes the lesson and media files needed to complete the book's exercises plus free trial Logic plug ins from leading manufacturers. Note to customer: Logic Pro 9 runs on Mac OS X 10.5.7 or later.
