Morningstar Mutual Fund 500, 1998 **Annual Report of the Maine**

State Retirement System, Maine Judicial Retirement System, Maine Legislative Retirement System for the Fiscal Year Ended June 30 Maine State Retirement System, 1989 Quality Shareholders Lawrence A. Cunningham, 2020-11-03

Anyone can buy stock in a public company but not all shareholders are equally committed to a company's long term success. In an increasingly fragmented financial world shareholders' attitudes toward the companies in which they invest vary widely from time horizon to conviction. Faced with indexers' short term traders and activists, it is more important than ever for businesses to ensure that their shareholders are dedicated to their missions. Today's companies need quality shareholders as Warren Buffett called those who load up and stick around or buy large stakes and hold for long periods. Lawrence A. Cunningham offers an expert guide to the benefits of attracting and keeping quality shareholders. He demonstrates that a high density of dedicated long term shareholders results in numerous comparative and competitive advantages for companies and their managers including a longer runway to execute business strategy and a loyal cohort against adversity. Cunningham explores dozens of corporate practices and policies such as rational capital allocation, long term performance metrics and a shareholder orientation that can help shape the shareholder base and bring in committed owners. Focusing on the benefits for corporations and their investors, he reveals what draws quality shareholders to certain companies and what it means to have them in an investor base. This book is vital reading for investors, executives and directors seeking to understand and attract the kind of shareholders that their companies need.

Morningstar Stocks 500 Morningstar, Inc., 2004-02-06 If you hate overpaying for a stock you'll love this book. Cheap and good aren't the same when it comes to stocks.
