**Interventions, Training, and Technologies for Improved Police Well-Being and Performance** Arble, Eamonn Patrick, Arnetz, Bengt B., 2021-06-18 The need for evidence based practice to enhance current and future police training and assessment has never been greater. This need focuses on the procedures and findings of research within the field of police work along with the philosophy guiding these research approaches and commentaries on the methods being used. With many future directions for the science of police training and assessment the focus on new training techniques and technologies for improving performance is of the upmost importance to find the best current evidence based practices for policing. In addition to these practices understanding the practical realities and challenges of implementing cutting edge procedures is essential in gaining a holistic view on police well being and performance. Interventions Training and Technologies for Improved Police Well Being and Performance is a critical publication that explores new training methods and technologies. The future of policing is poised to change making the need for developments in evidence based practices more important than ever before. New technology and techniques for improving performance and the perception of the police force can guide the policies and practices of law enforcement trainers and academies government officials policymakers psychologists psychiatrists therapists to a more effective implementation of training and procedures. Including the perspective of police officers within the publication this text offers insight into an often neglected viewpoint when creating training and policies. This text is also be beneficial for researchers academicians and students interested in the new training techniques technologies and interventions for police performance and well being.

**Police Use of Force** Michael J. Palmiotto, 2016-08-05 Police use of force has been a major concern for police departments and citizens in the United States since the 1840s when police first started carrying guns. Starting with a historical introduction Police Use of Force presents readers with critical and timely issues facing police and the communities they serve when police encounters turn violent. Dr Palmiotto offers in depth coverage of the use of force deadly force non lethal weapons militarization of policing racism and profiling legal cases psychology perception and training and violence prevention. Police Use of Force also investigates many case studies both famous Rodney King and contemporary Ferguson MO. Essential reading for both criminal justice professionals and academics this text places police conflict within a complex modern context inviting cogent conversation in the classroom and the precinct.
