²⁴ Learning opportunities are provided at the HRP in August. It is anticipated that program funds will be available around March/April, after which time the program will be implemented.

19. What is the difference between a variable and a constant? A variable is a value that can change, while a constant is a value that remains the same. For example, in the equation $y = 2x + 5$, x is a variable because it can take on different values, while 2 and 5 are constants because they are fixed values.
