**Global Perspectives on Decolonizing Postgraduate Education** Gumbo, Mishack Thiza, Gaotlhobogwe, Michael, Pedzisai, Constantino, Jojo, Zingiswa Mybert Monica, Knaus, Christopher B., 2024-05-13 A deep seated issue persists in postgraduate education one that threatens the relevance of academia in our diverse and evolving world. The problem at hand is the Western centric nature of postgraduate education where research paradigms methodologies and theoretical frameworks overwhelmingly reflect a Western worldview. This rigid adherence to Western ideologies has left indigenous communities on the periphery of academic discourse denying them the opportunity to engage with their knowledge systems and practices. Despite the richness and prevalence of indigenous knowledge the existing educational structure remains a barrier to their inclusion. This disconnect is not only an academic concern but also a societal one as it hinders sustainable development and stifles the voices of indigenous scholars and students. Global Perspectives on Decolonizing Postgraduate Education serves as a compelling solution to the problem at hand. It offers a comprehensive roadmap to decolonize postgraduate education infusing it with indigenous approaches, paradigms, theories, and methods. Through critical examination and practical strategies this book empowers academics, curriculum designers, and postgraduate students to embark on a transformative journey.
