30 40ле Aisin:

The Cars of American Motors Marc Cranswick, 2011-12-22 Though American Motors never approached the size of Detroit's Big Three it produced a long series of successful cars that were distinctive often innovative and in many cases influential. This history examines AMC's cars from the company's formation in 1954 through its absorption by Chrysler in 1987. The Gremlin, Pacer and Eagle vehicles are examined in detail as are the AMC custom cars of George Barris and Carl Green. The text details AMC's 1980s involvement with the French firm Renault and the design legacy of that joint venture which includes the Hummer. The evolution of Jeep is covered from the 1960s through the 2000s. Features include some 225 photographs, a listing of AMC Rambler clubs, organizations and business entities with contact details, tables of detailed specifications and performance data, data on technical devices, trim packages and all model variations, a comprehensive account of AMC Rambler appearances in film, television and cartoons.

The Legend of American Motors Marc Cranswick, 2023-02-01 American Motors was the little company that made a big impact. Maker of the Rambler family car, the Kenosha-based AMC offered an antidote to the excess of Detroit's Big 3. But when America decided it wanted sporty rather than econocars, AMC got groovy with the Javelin, AMX, Scrambler and Rebel Machine. American Motors was a proven performer in showrooms and on the track with success in drag and road course racing. However, through it all came solid Rambler value and a different approach from Detroit. An accent on consumer protection along with brand label special editions. And when it came to blue sky thinking, AMC surpassed all with the Gremlin and Pacer small cars. Off road, Kenosha truly made Jeep The One Only, popularizing the brand and making it the sales success it is today. Beyond that, AMC created America's first crossover, the Eagle. It all proved that America's smallest was its biggest surprise.
