Christian G. Meyer

316 Mining Facebook Data Collection:

Managing Big Data Effectively Bhima Asan, 2025-01-03 The illustrations in this book are created by Team Educoback. *Managing Big Data Effectively* bridges the gap between analytical principles, business practices and Big Data. This book provides a comprehensive interface between engineering technology and management's organizational, administrative and planning skills. It also complements other disciplines such as economics, finance, marketing, decision making and risk analysis. We designed this book for engineers, economists, researchers and professionals who aim to develop new management skills or integrate management principles into their work. The authors offer original research and case studies that illustrate successful applications of management techniques in real world scenarios involving Big Data. *Managing Big Data Effectively* is an invaluable resource for understanding how to synthesize Big Data with management practices to drive business success and innovation.

ICT Systems and Sustainability Milan Tuba, Shyam Akashe, Amit Joshi, 2022-01-04 This book proposes new technologies and discusses future solutions for ICT design infrastructures as reflected in high quality papers presented at the 6th International Conference on ICT for Sustainable Development (ICT4SD 2021) held in Goa, India on 5-6 August 2021. The book covers the topics such as big data and data mining, data fusion, IoT programming toolkits and frameworks, green communication systems and network use of ICT in smart cities, sensor networks and embedded system network and information security, wireless and optical networks security, trust and privacy, routing and control protocols, cognitive radio and networks and natural language processing. Bringing together experts from different countries, the book explores a range of central issues from an international perspective.

Computers and Society Ronald M. Baecker, 2019 *Computers and Society* explores the history and impact of modern technology on everyday human life, considering its benefits, drawbacks and repercussions. Particular attention is paid to new developments in artificial intelligence and machine learning and the issues that have arisen from our complex relationship with AI.

Surviving Your Dissertation Kjell Erik Rudestam, Rae R. Newton, 2014-05-28 In the fully updated Fourth Edition of their best selling guide *Surviving Your Dissertation*, Kjell Erik Rudestam and Rae R. Newton answer questions concerning every stage of the dissertation process, including selecting a suitable topic, conducting a literature review, developing a research question, understanding the role of theory, selecting an appropriate methodology and research design, analyzing data and interpreting and presenting results. In addition, this must-have guide covers topics that other dissertation guides often miss, such as the many types of quantitative and qualitative research models available, the principles of good scholarly writing, how to work with committees, how to meet IRB and ethical standards and how to overcome task and emotional blocks. With plenty of current examples, the new edition features an expanded discussion of online research, data collection and analysis and the use of data archives, as well as expanded coverage of qualitative methods and added information on mixed methods.

Information Technology for Management Efraim Turban, Carol Pollard, Gregory Wood, 2018-01-31 Information technology is ever changing and that means that those

who are working or planning to work in the field of IT management must always be learning In the new edition of the acclaimed Information Technology for Management the latest developments in the real world of IT management are covered in detail thanks to the input of IT managers and practitioners from top companies and organizations from around the world Focusing on both the underlying technological developments in the field and the important business drivers performance growth and sustainability the text will help students explore and understand the vital importance of IT's role vis a vis the three components of business performance improvement people processes and technology The book also features a blended learning approach that employs content that is presented visually textually and interactively to enable students with different learning styles to easily understand and retain information Coverage of next technologies is up to date including cutting edged technologies and case studies help to reinforce material in a way that few texts can *Media Today* Joseph

Turow, 2011-09-22 *Media Today* puts students at the center of the profound changes in the twenty first century media world from digital convergence to media ownership and gives them the skills to think critically about what these changes mean for the role of media in their lives *Media Today* Fourth Edition is built around four key concepts A media systems approach allows students to understand the interconnected cultural political and economic forces that shape media they encounter every day Unique insights into media trends give students an insider's perspective on how media industries are responding to changes from globalization to social networking Focus on digital convergence shows in each chapter how digital media is transforming traditional mass media such as newspapers magazines and television A media literacy goal encourages and builds critical skills to make students more informed and engaged citizens in our media driven society Completely revised with updated examples new case studies and new online video resources the 4th edition of *Media Today* connects the latest trends debates and technologies to the history of media highlighting the impact and meaning of today's changes to the media landscape especially how traditional industries have blurred together with digital convergence Additional learning resources including a new set of online video resources interactive quizzes study resources and instructor guides are available on the free companion website at www.routledge.com/textbooks/mediatoday4e **The Communication Age** Autumn

Edwards, Chad Edwards, Shawn T. Wahl, Scott A. Myers, 2018-11-27 When should you send a text message and when is it more appropriate to talk face to face What is the best way to prepare for a job interview that will be conducted over video How should you modify your speech if it will be recorded and posted online *The Communication Age* Connecting and Engaging by Autumn Edwards Chad Edwards Shawn T Wahl and Scott A Myers introduces students to the foundational concepts and essential skills of effective communication with a strong emphasis on the impact of technology in our increasingly interconnected world This new Third Edition helps students become involved in our diverse global community and learn how to apply key principles of effective communication whether incorporating media technology or traditional face to face speech communication to foster civic engagement for a better future With comprehensive coverage of the essentials of interpersonal

small group and public communication this text is ideal for use in hybrid introduction to communication courses
