### **3 Killers At Dallas:**

*3 Killers at Dallas* Chief Phil Doherty,2014-10-21 The first murder the JFK assassination has probably been the most investigated crime in American history Yet five decades later there remain questions regarding the number of gunmen the true motive and the masterminds if any of the killing of Kennedy The case was wrapped up in hours by the F B I with the arrest of Lee Oswald by the Dallas Police Department and the case was ruled by the Warren Commission to be the sole act of one man Oswald My law enforcement and military experience convinces me that a complex case such as this killing would not lead to completion and declaration of a sole assassin and non conspiracy in such as short period of time and has offered some facts to rebut that theory We look again at Oswald Let s face it Oswald was a willing tool of the U S Government from the time of his military service until the day he died He was not a lone nut but one of the tools in the CIA s box of tricks and mysteries regardless of the agency s declared declaration of their actions as being right and necessary Oswald may have supplied one of the murder weapons that killed JFK some say he did not but the fact remains that he did not fire the fatal shots at Kennedy He would have to have been Houdini that day being in two places at the same time Oswald was indeed the best possible Patsy his handlers could find

### **The Texarkana Moonlight Murders** Michael Newton,2013-05-21

In 1946 years before the phrase serial murder was coined a masked killer terrorized the town of Texarkana on the Texas Arkansas border Striking five times within a ten week period always at night the prowler claimed six lives and left three other victims wounded Survivors told police that their assailant was a man but could supply little else A local newspaper dubbed him the Phantom Killer and it stuck Other reporters called the faceless predator the Moonlight Murderer though the lunar cycle had nothing to do with the crimes Texarkana s phantom was not America s first serial slayer he certainly was not the worst either in body count or sheer brutality But he has left a crimson mark on history as one of those who got away Like the elusive Axeman of New Orleans Cleveland s Mad Butcher of Kingsbury Run and San Francisco s Zodiac Killer the Phantom Killer left a haunting mystery behind This is the definitive story of that mystery

Matthew T. Mangino,2014-04-30 The Executioner s Toll 2010 is a meticulous examination of every execution and the details surrounding the execution carried out in a single year and a thought provoking exploration into the minds of 46 killers as each plays the role of predator quarry and condemned The unsettling narratives begin with a murder on May 26 1993 and end with an execution on December 16 2010 The book chronicles 63 murders 44 trials countless appeals two suicide attempts 41 last meals 33 final statements and 46 executions The Executioner s Toll 2010 could have covered any year in the modern era of the death penalty but had to cover one complete year in order to provide a true picture of the death penalty executions and the anguish of victims This book presents the compelling stories accounts often neglected in the mainstream media Every person facing the executioner has a story every killing is as unique as it is devastating
