

# REPORT CARD COMMENT TEMPLATE

I have enjoyed watching \_\_\_\_\_ (student) grow as a learner this year. (start positive- I see your child in a positive way and they are learning) He/She is\_\_\_\_\_. (tell one or two positive attributes you have observed) I am helping \_\_\_\_\_ (student name) improve on \_\_\_\_\_ by \_\_\_\_\_. (give an area that the student is struggling with the help they have received to improve). We will continue to work on \_\_\_\_\_ by \_\_\_\_\_ in the next quarter. (plan for the future. What parents can expect). As a class we will also be working on\_\_\_\_\_. (General statement that will be the same with every students comments.) You can help your child gain mastery quickly with this task by \_\_\_\_\_. (Give parents something they can do to help their child at home) \_\_\_\_\_. (students name) Keep up the good work. Your hard work is making you smarter and smarter. (Final affirmation that you see them trying to be a great students)

**Writing Effective Report Card Comments** Susan Shafer,1997 At last here is a practical book that gathers time saving tips from teachers on writing effective report card comments Packed with advice this resource will help you collect assessment information easily and describe your students performances clearly and constructively You ll find handy lists of phrases that encourage children words to avoid and concise advice on how to prompt parents to support learning at home Book jacket The Other Side of the Report Card Maurice J. Elias,Joseph J. Ferrito,Dominic C. Moceri,2015-12-14 To better serve the whole child look at the whole report card Students are more than their academic grades you know it and their parents know it The progress they make in social emotional learning and character development is essential to their success in school and in life But while educators have made great strides in improving grading for academic achievement we ve left too many teachers still guessing when it comes to outdated behavior ratings and comment sections That s where this book comes in Grounded in research and in the author s work with teachers and administrators it offers guidance on retooling report cards to better reflect the whole child integrating SEL and CD into any school or district wide grading system Resources include Guided exercises for analyzing existing report cards Samples and suggested report card designs Tips on improving communication with parents Case studies highlighting common challenges Testimonials from teachers and students When you take report cards to the next level you make sure that communication reflects all of the important characteristics of success and ensure that students develop the skills they need for the future This book brilliantly illuminates the key role played by social emotional learning in each student s development and it challenges the tradition of relegating the SEL EQ observations to the back of the report card If we want to develop better communities this book shows the way Dr Neil MacNeill PhD EdD Head Master Ellenbrook Indpendent Primary School The ultimate goal of misbehavior is attention When children don t get the attention they need through the proper behavior they will get it any way they can Children want to be loved and cared about SEL will help them to learn the proper ways to get attention It will also help teachers better understand the misbehaviors and redirect students toward positive behavior Pamela L Opel Teacher Intervention Specialist Gulfport School District Report California. **Teaching and Advocacy** Denny Taylor,Debbie Coughlin,Joanna Marasco,1997 What happens to children who live on the edge Children in families that are trying to make it somehow someway anyway they can children with disabilities who speak

other languages who are told they are different and who know they don't fit What happens to adolescents who are kicked out of regular high school who end up under the control of the social welfare system who belong to gangs whose friends are killed by gunfire How can they articulate their own positions and needs What kinds of literacy do they require so that society will recognize them Who is their advocate Because literacy can be used to enable or disable those children marginalized by society must be literate to survive and teachers are often their only advocates But teachers often stand alone when they advocate For most teachers there are no guidelines available on teaching and advocacy and we rarely talk about the role that literacy plays in providing opportunities for teachers to work as advocates Exploring how literacy learning is enabled and disabled offers that opportunity The teacher researchers in this book use written texts to uncover the hidden assumptions that shape our perceptions about people's positions in society They focus on how language is done what we do with it how we define ourselves in print how students are defined often reinvented in obscure documents that control their lives Teaching and Advocacy encourages teachers to stand beside their students to expose the hidden assumptions in official documents to develop alternative explanations and above all to advocate Following each chapter Denny Taylor's interview with the author reveals a rare commitment to children and to advocacy and demonstrates the involvement implicit in qualitative research
