

# Questioning Worksheet

## What is Questioning?

Questioning is when we ask questions about the text we are reading.

Questioning helps us engage with what we read so we can understand it better.

## How Do We Use It?

When we question, we...

- Can use it before, during and after reading.
- Question to help us understand the text better. For example, finding out something we did not know.
- Are doing something very natural. We don't think too much about it, it could be in your head, spoken aloud or written down.

We are all here to learn and questioning is a key driving force behind that learning.

## Remember

We use questioning when we read. You can question at any time before, during or after!

When you question as you read, it helps you stay engaged with the text and improves your overall understanding of what you read.
