An Introduction To Classical Rhetoric Essential Readings:

An Introduction to Classical Rhetoric James D. Williams, 2009-05-04 An anthology of primary texts in translation An Introduction to Classical Rhetoric offers an overview of the social cultural and intellectual factors that influenced the development and growth of rhetoric during the classical period Uses primary source material to analyze rhetoric from the Sophists through St Augustine Provides an in depth introduction to the period as well as introductions to each author and each selection Includes study guides to help students develop multiple perspectives on the material stimulate critical thinking and provide starting points for dialogue Highlights include Gorgias's Palamedes Antiphon's Truth Isocrates Helen and Plato's Protagoras Each selection is followed by suggested writing topics and a short list of suggested additional readings

An Introduction to Classical Rhetoric James Dale Williams, 2009-04-27 At last a text that allows students to study the primary texts of classical rhetoric situated in their historical and social context Williams selects judiciously among foundational texts and also offers rich introductory essays that make clear the historical intellectual and cultural setting in which the study of rhetoric took root DAVID ZAREFSKY Northwestern University An Introduction to Classical Rhetoric offers a scholarly alternative for students of classical rhetoric which is both accessible and engaging BETH BENNETT University of Alabama An anthology of primary texts in translation An Introduction to Classical Rhetoric offers an overview of the social cultural and intellectual factors that influenced the development and growth of rhetoric during the classical period Featuring classical rhetoric from the Sophists through St Augustine Williams provides an in depth introduction to the period as well as introductions to each author and each selection Examples of rhetoric are interspersed between captivating thoughtprovoking explanations and analyses that give new context and meaning to these ancient texts Each selection includes study questions to enable students to develop multiple perspectives on the material stimulate critical thinking and provide starting points for dialogue

New Testament Rhetoric, Second Edition Ben Witherington III, Jason A. Myers, 2022-09-28 Witherington and Myers provide a much needed introduction to the ancient art of persuasion and its use within the various New Testament documents More than just an exploration of the use of the ancient rhetorical tools and devices this guide introduces the reader to all that went into convincing an audience about some subject Witherington and Myers make the case that rhetorical criticism is a more fruitful approach to the NT epistles than the oft employed approaches of literary and discourse criticism Familiarity with the art of rhetoric also helps the reader explore non epistolary genres In addition to the general introduction to rhetorical criticism the book guides readers through the many and varied uses of rhetoric in most NT documents not only telling readers about rhetoric in the NT but showing them the way it was employed This brief guide book is intended to provide the reader with an entrance into understanding the rhetorical analysis of various parts of the NT the value such studies bring for understanding what is being proclaimed and defended in the NT and how Christ is presented in ways that would be considered persuasive in antiquity from the introduction

Proof, Evidence and Hate Crime Tshepo Bogosi

Mosaka,2025-07-18 Proof is the property of a disputed fact being established inferentially from an extant fact This book explicates the structural components of this phenomenon in the context of hate crimes across various jurisdictions around the world It departs from the orthodox conception of evidence and proof as being a general value neutral or non normative and epistemic subject and offers a relativistic conception of this area of law The core argument is that proof is both semantically and methodologically determined by three conditions of materiality process and probativity This argument is then justified by the context specific application of this relativistic theory of proof to hate crimes This theoretical application of proof is sustained throughout the book using multiple examples and illustrations of hate crimes around the world The discussion both at the level of proof and hate crimes while focusing on the grounds of race religion and ethnicity specifically is framed in jurisprudential cross jurisdictional and interdisciplinary terms The book will be of interest to academics and researchers working in the areas of criminal law legal philosophy and procedural law Rhetoric and Composition Steven Lynn,2010-09-30 Rhetoric and composition is an academic discipline that informs all other fields in teaching students how to communicate their ideas and construct their arguments It has grown dramatically to become a cornerstone of many undergraduate courses and curricula and it is a particularly dynamic field for scholarly research This book offers an accessible introduction to teaching and studying rhetoric and composition By combining the history of rhetoric explorations of its underlying theories and a survey of current research with practical examples and advice Steven Lynn offers a solid foundation for further study in the field Readers will find useful information on how students have been taught to invent and organize materials to express themselves correctly and effectively and how the ancient study of memory and delivery illuminates discourse and pedagogy today This concise book thus provides a starting point for learning about the discipline that engages writing thinking and argument **Political Leadership** Michael Foley,2013-11 This authoritative volume analyses the practice and impact of political leadership aiming to position it within a more integrated framework The British National Bibliography Arthur James Wells,2009 Reading Rhetorical Texts James Robertson Andrews,Michael C. Leff,Robert Terrill,1997 This book is designed to orient the beginning student to the nature and function of rhetorical criticism to acquaint the student with those elements in the rhetorical situation that warrant serious attention and to teach the student a useful strategy with which to begin to practice criticism The focus of this book is clearly on public speeches Along with mastering basic concepts the beginning critic will also be given the opportunity to begin grappling with fundamental and enduring critical issues The authors have included in this book texts and examples of how critics have studied those texts They also offer two historical texts along with their own critical readings of those texts The book then presents two texts and illustrations of the various critical responses to these texts The first text is Richard Nixon s Address on the Vietnam War and the second is Jesse Jackson s Common Ground and Common Sense Finally several examples of critical readings by rhetorical scholars illustrate different ways to approach texts Pref *Composition/rhetoric* W. Ross

Winterowd,1986 In this eclectic selection of 27 essays Winterowd presents a comprehensive and up to date discussion of the theory and practice of composition Winterowd relates composition to the fields of literacy and rhetoric moving easily between topics as diverse as brain theory and stylistics The essays blend the speculative with the specific the abstract with the actual as Winterowd seeks a balance between theory and application The book is divided into two sections Part I The Field of Composition Rhetoric constitutes a state of the art essay on composition Part 2 Essays on Composition Rhetoric develops the themes introduced in the first part

The Allyn & Bacon Sourcebook for College Writing Teachers James C. McDonald,1996 Designed for college writing teachers who are faced with teaching composition for the first time or re examining their teaching goals and methods The Allyn Bacon Sourcebook for College Writing Teachers is a collection of writings on important theories and pedagogies in composition studies The selections discuss a range of theories and approaches to teaching writing and present readers with a number of options for instruction rather than a single way to teach Written by some of today's foremost scholars and teachers the articles range from discussing how to integrate critical thinking and reading into writing instruction to methods for responding to and evaluating student writing to dealing with grammar and editing For those who teach writing

Building a Speech Metcalfe,1997-08 *Classical Rhetoric for the Modern Student* Edward P. J.
