Business Ethics and The Bhagavad Gita Subba Rao Pulapa, 2020-09-17 The author of this book asserts that an absence of ethical leadership and unethical practices were the reasons for major global business scandals such as Enron, Satyam, Lehman Brothers and WorldCom. This book analyses the causes for these unethical activities and interprets important verses from The Bhagavad Gita to show business executives and leaders how to lead ethically for the greater good of all stakeholders and society. As a remedy to avoid future scandals the author points to several ethical directions and the principle of Dharma mentioned in The Bhagavad Gita by Lord Krishna a major deity in Hinduism who is considered Dharmatman one who imbibes the Dharma. Written in conversation style using an executive education scenario this book examines real world cases in various sectors like education, medical, non-government organizations, NGOs and retail using the directions of the Dharmatman.

Modern Auditing William C. Boynton, Raymond N. Johnson, 2005-08-19 Known in the academic market for its clear writing style and accessibility this extensive revision focuses on auditor decision making and the auditor's role in providing assurance about the integrity of the financial reporting system. This is particularly important in light of the recent events involving WorldCom, Enron, Xerox, Aldelphia, Tyco, Waste Management and other recent incidents that have questioned the quality of work in the auditing profession. Intended for a junior or senior level course in auditing or assurance services taught at most four year schools.
