Northern Ireland Audit Office, 2006-02-09 This report examines major weaknesses in the part played by the former Local Enterprise Development Unit LEDU in the establishment and oversight of the Emerging Business Trust EBT The ETB was created in 1996 with funds of 3 million provided by the International Fund for Ireland and 0.75 million by LEDU mainly administering a loan fund In 2000 EBT also established a venture fund with a total funding of 0.6 million EBT voluntarily ceased to carry on business in April 2005 and a liquidator was appointed to wind up the affairs of both the loan and venture funds Invest Northern Ireland a development agency which assumed the responsibilities of LEDU in 2002 carried out an investigation which identified a long list of failings conflicts of interest especially involving a LEDU board member who was also a partner in MTF Chartered Accountants who were the managing agents of both funds LEDU's failure to follow its own procedures normal public sector rules on competitive tendering were not followed a high level of bad debt 1.1 million was written off insufficient monitoring by LEDU NIAO finds that many of these failings show non observance of the Public Accounts Committee's recommendations in its report The proper conduct of public business HC 154 8th report session 1993-94 The poor standards of administration fell far below the normal standards operating elsewhere in the Northern Ireland public sector Invest Northern Ireland and the Department have undertaken a number of actions and current corporate governance arrangements are very different NIAO believes there are lessons of relevance here to the wider public sector **The Private Finance Initiative** Northern Ireland: Northern Ireland Audit Office, 2005-11-10 This NIAO report examines the delivery of the Electronic Libraries for Northern Ireland ELFNI IT system through a Private Finance Initiative PFI project The ELFNI system is intended to improve access to and quality of public library services in Northern Ireland by ensuring all public libraries have equal access to automated facilities and the internet and access for the general public to e Government services The contract is worth 36m and covers a ten year period which

commenced in May 2002 The report does not consider the effectiveness of the ELFNI project but focuses on the methodology used by the project team to secure the best possible deal the sustainability of the deal over the contract life and whether issues of future technological changes and income generation have been sufficiently addressed Overall the report finds that the procedures leading to the award and implementation of the ELFNI contract were well handled but whether it will provide value for money to the taxpayer will only become apparent in the longer term Public Sector Auditing Sir John Bourn,2008-07-31 Drawing on 20 years of experience as Comptroller and Auditor General and head of the United Kingdom National Audit Office Public Sector Auditing Is it Value for Money is Sir John Bourn s own account of the role and influence value for money auditing has in holding governments to account and in helping public bodies improve the ways in which they deliver services Key features include In depth case studies from UK US Canada China India and Australia Detailed analysis of complex areas of public expenditure such as health education privatisation regulation defence and IT Examples of how auditing can promote positive outcomes rather than negative post mortems This book is relevant for people working in both the public and private sectors and should be essential reading for the staff of public sector audit institutions around the world as well as commercial accountancy firms and students of accountancy politics economics and public management
