A Beginner's Guide to the Law of Dependent Origination (Paṭicca-Samuppāda), Volume Preface Assessing the Wheel tools to measure and refine understanding. This volume gathers the assessment instruments, answer keys and rubrics that support a single aim: to help teachers and learners verify, strengthen and apply right view of Paṭicca-samuppāda (Dependent Origination) in the exact way Mogok Sayadaw taught: diagram first, present moment first, and liberation oriented. Why assessment in a book on Dependent Origination? In the Mogok lineage, the Wheel is not a poster to admire; it is a working map for seeing conditionality now, because of this that comes to be idappaccayat, and for learning how cessation is possible when conditions are not supplied. The visual aid itself encodes this: four structural sections alternating Cause-Effect, four pillars, double-headed connectors and curved arrows that mark both cyclical flow and the exit route, and a hub that keeps attention on the two roots: avijjā (ignorance) and taḥ (craving). Wheel description and teaching aims. From the Buddha's formula: Avijjā paccayā sa khara. With ignorance as condition, formations arise. SN 12.1, SN 12.2 to classroom practice. Assessment clarifies whether a student truly sees conditionality rather than merely recites it. This volume therefore treats the Wheel as an assessment grammar: we test comprehension of causes/effects across time bands, diagnosis of the living hinge: vedanā, taḥ, and proficiency with paṭiloma (reverse order cessation). The assessment philosophy: see process, not person. Mogok Sayadaw's method repeatedly points to the live hinge where feeling flips to craving.

The training intent is explicit observe contact feeling then catch the leaning toward craving the vedana h C2 bridge is sustained only because ignorance covers the truth Assessments in this volume therefore concentrate on that bridge with drills scenarios and diagram work that cultivate seeing process instead of person We anchor this in the canonical chain as taught in our sources beginning from the first link P li Avijj paccaya sa kh r Gloss With ignorance as condition formations arise SN 12 1 SN 12 2 As learners test their understanding they will repeatedly relate this to aggregates sense bases and truths e g ignorance as not knowing the Four Noble Truths the task of satipa h na to guard vedana before ta h arises **Go Organic Teacher's Resource Guide CD** Saddleback Educational Publishing,2010-09-01 Designed to work with both differentiated levels of Think Green these 24 page guides were developed in consultation with several state educational standards and contain multiple components Three lesson plans are included These lesson plans are divided into sections vocabulary preview reading the text discussing the meaning word work extending the meaning and critiquing The teacher s guide also includes 11 worksheets 2 vocabulary 1 writing 1 index 2 review and 5 activity sheets **Strategic and Tactical Considerations on the Fireground Study Guide** James P.
