## Girl Hunters:

*The Woman Hunters* Arthur Somers Roche, 1929      **Mickey Spillane on Screen** Max Allan Collins, James L. Traylor, 2018-01-12 In the mid 20th century Mickey Spillane was the sensation of not just mystery fiction but publishing itself. The level of sex and violence in his Mike Hammer thrillers starting with *I the Jury* in 1947 broke down long held taboos and engendered a near hysterical critical backlash. Nonetheless Spillane's influence has been felt. Reflections of Hammer are visible in nearly every subsequent tough guy of fiction and film including James Bond, Dirty Harry, Shaft, Billy Jack and Jack Bauer. Spillane's fiction came to the screen in a series of films that include *Kiss Me Deadly* 1955 and *The Girl Hunters* 1963 with the author himself playing his private eye. These films and television series starring Darren McGavin and Stacy Keach respectively are examined in a lively knowledgeable fashion by Spillane experts. Included are cast and crew listings, brief biographical entries on key persons and a lengthy interview with Spillane.      *The girl hunters* Mickey Spillane, 1967

**Trophy Hunting** Nikolaj Bichel, Adam Hart, 2023-04-11 This book gets to the heart of trophy hunting, unpacking and explaining its multiple facets and controversies and exploring why it divides environmentalists, the hunting community and the public. Bichel and Hart provide the first interdisciplinary and comprehensive approach to the study of trophy hunting, investigating the history of trophy hunting and delving into the background, identity and motivation of trophy hunters. They also explore the role of social media and anthropomorphism in shaping trophy hunting discourse as well as the viability of trophy hunting as a wildlife management tool, the ideals of fair chase and sportsmanship and what hunting trophies are both literally and in terms of their symbolic value to hunters and non hunters. The analyses and discussions are underpinned by a consideration of the complex moral and practical conflicts between animal rights and conservation paradigms. This book appeals to scholars in environmental philosophy, conservation and environmental studies as well as hunters, hunting opponents, wildlife management practitioners and policymakers and anyone with a broad interest in human wildlife relations.

Why do women still earn less than men? In addition to this the definition of the gender pay gap is explained just like the differences between adjusted and unadjusted gender pay gap and how this distinction affects the implementation of possible solutions.

The third chapter gives an insight into the reasons for inequality of salaries between women and men such as educational segregation that later leads to the occupational segregation negotiating skills of women or lack of those skills parental leave glass ceiling glass escalator and sticky floor correlation lack of affordable childcare the way work is valued When it comes to the solutions chapter three shows that more legal regulations pay transparency equalising family leave increasing female salaries and companies committing to gender balanced leadership could help close the gap Apart from the discourse analysis the questionnaire was conducted to find out and show diverse people s opinions in the author s environment family friends co workers neighbours fellow students on the gender pay gap For example what they think the main reasons are solutions when could the gender wage gap end to what extent do they agree or disagree with the given statements Another goal was to explain gender in equality in their workplace and compare survey results with those in the first part of the research It can be then seen that the research design consists of both qualitative and quantitative analysis the so called mixed methods
