## **Interests In Securities:**

*Interests in Securities* Joanna Benjamin, 2000-12-28 This book provides a uniquely clear and accessible analysis of the legal aspects of the international markets in securities such as shares and bonds. It considers the legal implications of the computerisation and globalisation of these markets and in particular the impact of the use of custodians, depositaries and other intermediaries by investors and collateral takers holding interests in securities. *Rethinking Securities Law* Marc I. Steinberg, 2021. In 1978 the American Law Institute (ALI) adopted the ALI Federal Securities Code. The Code has not been enacted by Congress and its prospects are dim. The objective of this book is to identify the deficiencies that exist under the current regimen, address their failings, provide recommendations for rectifying these deficiencies and set forth a thorough analysis for remediation to prescribe a consistent and sound securities law framework.
