**Five Great Bible Facts** Louis Paul Lehman,1956 **DiVINE Living** Dixie

Craig Martin,2019-08-12 ABIDING IN THE LORD WILL CHANGE YOUR LIFE How would you describe your relationship with the Lord Would you like for that relationship to grow deeper If so the verses in John 15 117 provide insights for improving your bond with God and reasons why it is important to increase your connection with Him Jesus taught the lessons of this Scripture passage just hours before He was betrayed by Judas Can you imagine He knew what was before Him yet He still wanted to explain all He could about life on earth before His death The lessons of The Vine and the Branches were of great significance to Him Thus you need to learn as much as you can about their meanings You probably already understand who the vine represents and who the branches characterize However do you know what happens to the branches that do not produce fruit what fruit the branches are supposed to produce what happens to the branches that do not abide in the vine what you need to do in order to abide in the vine The answers to these questions and more can be found in this book Included in the study are personal experiences and practical ideas that will help in understanding and applying the principles Jesus is teaching In addition biblical heroes whose sins were forgiven and biblical characters who committed unforgivable sins demonstrate branches that abide in the vine and branches that fall away from the vine You do not want to be a branch that produces no fruit and you definitely do not want to be a dead branch There is the old saying that ignorance is bliss According to Jesus in the John 15 verses ignorance is not an excuse for not producing fruit Learn and apply His precepts Become an abiding branch and live a bountiful life filled with God s joy

**We Are Never Alone** Diane Whitaker,2024-11-01 Things I wish someone told me sooner Parents are human Most people question what the best way is to read the Bible and understand it Is there a way to use our knowledge so it isn t wasted Now is the time to find insight and discover the truth of your existence God approached someone and proclaimed I am real Then said Write me a book about myself She rejected the request After thirty years God presented her with a final test of her faith through an incurable illness Her faith stayed intact yet she suffered brain damage No memory of words people and God Emotions of a five year old God s plan is unfolding as she embarks on a new life slate wiped clean God allowed her to gain faith in him on her own accord She searched for God and he

revealed himself God once more said Write a book about me She agreed With God as her foundation he invested a couple of years in nurturing her heart and teaching how he thinks She came out completely changed settled and at peace Living like she was already in paradise God revealed his fundamental concepts that you will eagerly share with your children throughout their lives Her entire life was orchestrated by God to give you his message In We Are Never Alone you ll discover Why we exist on earth The God Talk How to get God s attention Experience God directly Notice God s presence in the lives of his servants both past and present You have come to a crossroad It is your time What actions do you plan to take I know God placed this book before you for a reason

**Christianity vs. Naturalism** Michael Hall,2023-12-18

Many Christians today lack a basic understanding of the evidence that supports a Christian worldview how one views the world The purpose of this book is to provide the evidence for the main religions of America both the supporting evidence and the undermining evidence The intended audience of this book is any open minded person with a tenth grade education or more it is not just for Christians struggling in their faith but for anyone open to considering some of the major evidence available today In short it is for the average person Most books on this topic are intended for one with an interest in theology or philosophy focusing on the defense of Christianity rather than its differentiation between any other religion These types of books tend to fall short for those convinced that Christianity is not logical and are thus not interested in a philosophical argument advocating the Christian narrative To interest those already convinced one must be skeptical and put the viewpoint to the test As the French philosopher Denis Diderot 1713 1784 wrote What has not been examined impartially has not been well examined Skepticism is therefore the first step toward truth The focus of this book will be upon the undisputed evidence accepted by all
